(Note: a player may enter a competition, without payment of entry fee, with the intention of using the card as a qualifying card but will be ineligible to win a prize in that competition. The player must indicate on the card that it is to be used as a qualifying card.)

A player, having obtained a handicap under b) above, must enter 3 stroke-play competitions (no entry fee) before being eligible to receive a prize in such competitions.

JUNIORS

Please note that the Rules & Regulations of the Club state that juniors may play in senior competitions with a full or country member. There should be at least one full or country member playing with a junior in any competition. Therefore, three juniors should not sign up on the start sheet to play at the same tee time. In team competitions at least one player should be either a full or country member. Juniors may enter individual knockout competitions and play against another junior if drawn against them.

GENERAL PLAY

Rule 19 – The committee is empowered to raise or lower a player's handicap if, in their opinion, his current playing ability is not reflected in his current playing handicap. Applicable only to Categories 2,3, & 4 – creation and maintenance of Category 1 players is vested solely in the control of the S G U.

LADIES PLAYING AGAINST MEN

In stableford competitions ladies shall play off their own card. They shall have additional strokes based on the difference between the men's Standard Scratch Score and the ladies i.e. men playing off the white tees – 1 stroke, men playing of the yellow tees – 2 strokes.

SCORE CARDS

All score cards must be returned even if marked 'Nil Return' or 'N/R'. When the computer is set-up, scores should be entered and the signed card should then be placed in the competition card letter box. Players should realise that failure to follow these procedures makes the job of finalising the competition and posting the result very difficult indeed. Failure to follow the procedure may result in disciplinary action. Disqualifications during competitions shall be in accordance with the rules of golf.

A player retiring hurt during a competition. The score of the retiring player must be signed for at the time of retirement. Procedure as follows – player A is marking player B's card. Player B is marking player C's card. Player C is marking player A's card. Player A retires. Player C signs the card of player A, who then signs his own card. Player A must then sign Player B's card next to the last score written down. Player C then takes over the card of Player B and signs it at the end of the competition.

FAILURE TO TURN UP FOR A COMPETITION

Except in exceptional circumstances, anyone whose name is placed beside a start time for a competition and fails to turn up for that competition shall be required to pay the entry fee. Once the start sheet is in the Pro Shop members are deemed to have entered said competition. Failure to pay will result in the player being banned from club competitions for the following calendar month (this does not apply if a substitute is found). A player must start at the agreed time. If the player arrives at his starting point, ready to play, within 5 minutes after his starting time, the penalty for failure to start on time is loss of the first hole in match play or two strokes at the first hole in stroke play. Otherwise the penalty for breach of this Rule is disqualification (Rule 6-3a).

SKINS

RULES

1. Juniors not permitted to play.
2. Pairs, select own partners, off the white tees.
3. The format will consist of a qualifying round over 18 holes with the top four pairs proceeding to the ultimate 'skins' match played over our inner 10 holes: i.e. 1,2,3,4,5,14,15,16,17 and 18. (Or 7 holes: i.e. 1,2,3,15,16,17,18)
4. In the event of a tie in the qualifying round the countback rule will apply (nett scores).
5. The qualifier and 'skins' match will be based on a medal score with both partners' scores being added together. Full handicap allowance applies.
6. In the 'skins' match it is medal matchplay and handicap is deducted (if due) from the combined scores after each hole to give a nett score. Stroke index as per card.
7. The 'skins' match will be played using the same format as the qualifying round but with the added 'skins' element.
8. To win a 'skin' (hole) no two scores can be the same – the lowest combined nett score of one pair wins the 'skin'.
9. If a 'skin' is not won its value is added to the next hole. All qualifying pairs will play the same hole at the same time. If a skin is unresolved upon completion of the 18th, all teams will proceed down the 1st. This competition will continue to be played off full handicap.
10. Order of play for 'skins' will be drawn for the first hole and then lowest pairs nett tee off.
