GENERAL NOTES

Ladies' Club Competitions

Under the Rules of Golf, Rule 33-1, the Ladies' Committee shall lay down the conditions under which club competitions are to be played. The Ladies' Committee reserves the right to alter the conditions of any competition, to reject or disqualify any entry and to make a decision in the case of a tie.

There will be no substitution of competitors after the closing date for a knockout competition.

Divisions

There are two divisions in the Ladies' Section (amended at AGM 9th Nov. 2013)

The members will be split into two broadly equal divisions which will be decided on the 1st November each year.

N.B. At Spring and Autumn meetings division bands may vary depending on the number of entries

Membership

Associate Members can play in any club competitions except the Scratch Cup and any knockout competitions. They can represent the club in friendly matches.

500 Club members can play in monthly medal, monthly Stableford competitions. If they choose to sign up for other competitions they will not be eligible to a prize, or to progress into later rounds (where applicable). They can represent the club in friendly matches.

Note that away matches are included and the member's card should be debited at Pinner Hill before travel to the away Club.

Eligibility

Club Boarded Competitions are open to 7 day members only.

Ladies' Boarded Competitions are open to 7 day members only, except for the Hawkins Trophy and the Lady Captain's Prize, which is open to all ladies, the Veterans Trophy, which is open to all ladies aged over 60, and the Nelson Trophy which is open to Grannies.

Only members who have submitted **three** qualifying competition cards (see '*Qualifying Competition Cards*' below) are eligible to enter Ladies' Major (Boarded) competitions.

Some of the competitions have a handicap **limit of 34** - see individual competitions for details.

Qualifying Competition Cards

In order to compete in a Boarded Competition in the current year, it will be necessary to have returned **three** qualifying competition cards at Pinner Hill in the previous golf year (1 Mar-28 Feb). Completed cards from all qualifying competitions, excluding No Returns, will count.

Players who have not submitted the required number of competition cards by 1st March, may play on the day of the Major (Boarded) competition but are not eligible for prizes. If appropriate, they may be required to play at the end of the field.

If a member has not submitted **three** cards by 1st March, they may submit the balance of the cards in the following months but are not eligible to compete for prizes in Major (Boarded) competitions until having done so. Once they have submitted the balance of their cards, they will still be required to return a further 4 qualifying competition cards to be eligible to compete in Major (Boarded) Competitions in the following year.

Handicap System

The Handicap year runs from 1st January to 31st December. Certificates must have current year's date to be valid.

Handicaps will be reviewed sometime between 31st October and 1st March. At any other time general play adjustment will only be used in exceptional circumstances.

All cards must be returned. **No Returns** are for illness or injury only. Advise the Organiser of your reason for an N/R. They are not for days when you play badly or the weather is unpleasant.

In a medal if you have a very high score for a hole the Stableford adjustment will operate.

Active/Inactive Handicaps

Players will be required to have submitted 3 qualifying scores (including Supplementary Scores & 9 Hole Qualifying Competitions and Away scores) during the preceding year (1st January to the 31st December) to maintain an active handicap

Clubs will be permitted to exempt players from an inactive (i) handicap for injury/illness that has prevented them from achieving the required number of qualifying scores during a calendar year. This will also include those players who are transferring membership who have submitted scores albeit at another Club and to golfers new to the game who are being issued with first CONGU handicap.

Players whose handicap has become inactive may reactivate their handicap by returning three qualifying scores in the current calendar year. Qualifying scores of less than 3 are not permitted to be carried over to the next year, i.e. no topping up of qualifying scores permitted, e.g. 1 score in the previous year and 2 in current year.

Clubs may impose an entry condition that requires an active handicap (3 previously submitted qualifying scores) for specific competitions only such as Trophy or Board events. In all other cases Clubs must allow "home" players with inactive handicaps entry to qualifying competitions in order to provide as much opportunity as possible for the removal of the inactive handicap.

An inactive handicap can still be used for social golf and those competitions for which an active handicap is not an entry condition. Scores from players with inactive handicaps will be used in the calculation of a CSS.

The requirement of 3 qualifying scores will be reviewed by EGU/EWGA during 2010 to consider if this should be increased for the following year.

The active/inactive identification of handicaps will be required as from the beginning of 2010.

Inactive handicaps will be followed by an i

Example: 34 i

For further information please talk to the Handicap Secretary.

Supplementary Scores

The English Women's Golf Association (EWGA) has a system where members can submit supplementary scores for handicap purposes.

Supplementary scores can be used to obtain an active handicap provided the member complies with the conditions below.

While supplementary scores can be used to obtain an Active handicap, the committee will have the discretion on whether these scores can be used to enter specific Board competitions.

Supplementary scores for handicapping apply to all members.

They must:

1. Be playing at their Home Club.
2. Complete 18 holes either Medal play or Stableford.
3. Have completed ten or fewer supplementary cards in a handicapping year and not more than one per week.
4. Have signed the Supplementary Scores book in the locker room before playing.

Medal cards will be subject to the Stableford /Net Double Bogey Adjustments; this means that a bad score at one hole will be limited to a net double bogey for handicap purposes.

Cards should be marked 'Supplementary Card for Handicap purposes', all boxes completed, signed by player and marker, and posted into the Competitions Box in the Ladies Lobby.

Competition Day

Competitions are played on Tuesdays (Ladies' Day) and at the weekend. Please refer to the Diary for competition dates.

Players may enter the EWGA medal competitions on all medal competition dates. Where a player elects to play the EWGA medal on both the first day and the alternate day they may only enter the club medal on the first of these days.

Main and Alternate Day Competitions

When players have a choice between Main Day or Alternative Day participation for a single stroke play competition, in terms of Rule 7-1b of the Rules of Golf, any player who elects to play on the second day of the competition is permitted to play the competition course on the first day of the said competition.'

All money for competitions to be put in envelopes and posted through the Ladies' office door prior to playing.

N.B. Money for all Major Days & Invitation Days may be asked for in advance.

Intention of Playing

All players must sign the **Competition Book** on the relevant page before commencing play, and also register on the **computer in the Pro Shop**.

A player failing to pay the entrance fee and sign the Competition Book before playing in a Stroke Play Competition shall be disqualified.

Once a player has registered on the computer, she is deemed to have entered the competition. If she then decides not to play, she will be regarded as having done a 'No Return' card which will be entered and her handicap will go up 0.1 unless the competitions is reductions only.

For inclusion in the draw in Match Play competitions, the entrance fee must first be paid and the **Competition Sheet**, which is posted in the Ladies' Lobby in advance, signed by the player.

Tees

Unless otherwise stated, all competitions will start on the 1st Tee.

Marking a Card

Club Competition Cards should *preferably* be marked by a fellow competitor. Where there is a single competitor the Committee shall appoint an eligible marker.

Medal & Stableford competition cards should be marked by another lady member. If there are extenuating circumstances, the Captain or her deputy should be advised and asked for special dispensation to deviate from this rule. (LGU: Where there is a single competitor the Committee shall appoint an eligible marker whose appointment may be authorized by the Committee retrospectively.) Eclectic Competition Cards can be marked by an eligible member who has a handicap and is affiliated to a club. The signatory should print their name after the signature, state their club (if not Pinner Hill) and give their handicap. If this is not done, the card will not count.

The competition card must bear:
the name of the player,
the name of the competition,
the date on which the score was marked,
the signature of both the player and the marker
the player's handicap

The name of the scorer should be written down as player B to assist the handicap secretary.

On completion of a medal or stableford round, players must enter their scores on the **computer in the clubhouse**, record their eclectic scores, then put the card into the box in the Ladies Lobby.

Birdies

Birdies may count if a member plays a minimum of 9 holes (which can be a medal or Stableford competition, or an eclectic card) and the card is marked by an eligible member who has a handicap and is affiliated to a club. Cards signed by other than a Pinner Hill member should have printed at the bottom of the card, the name, club and handicap of the signatory. Birdies or better, do not count in match play or where there are bucket holes.

Eclectic Competitions

If a player's handicap changes during the course of the competition, the result will be based on the division the player finishes in at the closing date.

Course closed or considered unplayable etc. on either of the Competition Days

Should the course be pronounced unavailable by the Club Committee, or if the Ladies' Captain, Committee or in their absence a representative of the players, consider that for any reason the course is not in a playable condition or that there are circumstances which render the proper playing of the game impossible (Rules of Golf - Rule 33-2d), they may order a temporary suspension of play or cancel the competition for that day. The date of the competition may then be re-arranged. The change of date may be applied to either the Sunday or the Tuesday competition separately.

The new date must be within two calendar months of the date originally fixed and within the same EWGU Year and must be posted in the clubhouse.

If the Tuesday competition is cancelled and cannot be played at a future date, the winner will be the player with the best score at the weekend. Similarly, if the weekend competition is cancelled, the winner will be the player with the best score on the Tuesday.

See further notes re adverse conditions – Rules for Stroke Play Competitions (Page 8)

Ties

In boarded or trophy competitions, if there is a tie after card-count back, then the winner must be decided by sudden death or a play-off over extra holes commencing on the 1st tee - see individual competition for format.

Results

The results of all competitions are to be displayed in the Competition Results File.

RULES FOR MATCH PLAY COMPETITIONS

Entry to Major Competitions In order to enter any of the major (Boarded) competitions, it will be necessary to have returned **four** qualifying competition cards at Pinner Hill in the previous year (1 Jan- 31 Dec). These can be from any qualifying competition, excluding 'No Returns'.

Conditions of Entry Entry is restricted to full members only unless otherwise stated.

Entrance Fee Fees must be paid at the time of entry. No refunds can be given once the draw for a competition has been made.

Rounds All rounds to be played by the play-by date as shown on the draw Sheet.

Extensions	No extensions will be given. Should the course be closed due to bad weather, the play-by dates may be extended under special circumstances. An extension for the final will only be granted in extreme circumstances and by a Committee decision.
Walkovers	The Competitions Secretary must be notified of all walkovers.
Course	Play for the Ladies is from the Red Tees. Main or temporary greens.
Thunderstorms	Players are advised to stop play in an electrical storm. In this event the score should be checked and the spot where the ball rests marked and noted. Play should then continue from this spot when safe to do so.
Play Delayed	Should play be delayed for such a time that either or all players are unable to complete the match they may, if both (all) agree, arrange a date to finish the match provided it is completed by the play-by date. In this event the match must continue from the point where play stopped.
Ties	If it is necessary to play more than 18 holes to achieve a result, the 19TH HOLE IS THE FIRST HOLE THAT THE MATCH BEGAN FROM. In this event, competitors may ignore the starting boards and ASK for priority from anyone on the tee. They must, however, leave the course as soon as a result is achieved.
Number of Golf Clubs	Unless stated otherwise, a maximum of 14 clubs is allowed.
Referee	All knockout Finals must have a Referee. It is the finalists' responsibility to advise the Competitions Secretary of the date of the match so that the Referee Panel can be notified and a referee appointed for the match.
Handicaps	All Handicap details refer to 'Playing Handicaps' (not exact handicaps). If the entry to a competition states a Handicap Limit or maximum Handicap of 34, Ladies with a higher handicap may enter but must play off 34 or the stipulated Handicap Limit. Handicap changes during a competition do not affect a player's eligibility to continue in the competition. However, if her new handicap is increased above the Competition's handicap limit she must play off the maximum handicap allowed by the Competition.

PROCEDURE FOR ARRANGING MATCHES

- a) It is the responsibility of both players to arrange a mutually convenient date for their match. Be as flexible as possible.
- b) Initial contact should be made in WEEK ONE of each round.
- c) Matches take precedence over friendly games, friendly matches, medals and stablefords.
- d) If contact cannot be made or a suitable date cannot be agreed, the Competitions Secretary, or in her absence, the Lady Captain, should be informed immediately.
- e) If neither of the players have contacted each other within twenty days they will both be disqualified from the competition
- f) Except under extenuating circumstances for the final only, there is a no extensions, no exceptions policy. If there are any problems, the Competitions Secretary and/or the Lady Captain will consult with the Vice-Captain and one other member of the Ladies' Committee to reach a decision. Their decision is final.

MATCHES SHOULD BE ARRANGED EARLIER RATHER THAN LATER

RULES FOR STROKE PLAY COMPETITIONS

All STROKE PLAY Competitions will be 'QUALIFYING' Competitions unless stated otherwise at the time of entry or if the conditions during play make them become Non-Qualifying.

- Entry to all Major Competitions** In order to enter any of the major (Boarded or Cup) competitions it will be necessary to have returned **four** qualifying competition cards at Pinner Hill in the previous year (1 Jan-31 Dec). These can be from any qualifying competition, excluding 'No Returns'.
- Course** Play for the Ladies is from the Red Tees, main or temporary greens. Scores cannot be used for handicap purposes when more than two temporary greens are in use. The Standard Scratch remains the same if the use of winter tees and up to two temporary greens do not alter the course yardage by more than 100 yards.
- Adverse conditions** If the Committee or its authorised representative considers that for any reason the course is not in a playable condition or that there are circumstances that render the proper playing of the game impossible, it may order a temporary suspension of play or declare play null and void and cancel all scores for the round in question. When a round is cancelled, all penalties incurred in that round are cancelled. If the competition is declared null and void, it should be clearly stated whether the competition is to be replayed under exactly the same conditions on another day, or a new competition is to be played, or the competition is to be abandoned.
- Course Closed** In the event of the course being closed **before** a competition, the Committee will, if possible, re-schedule the competition. In the event of the course being closed **during** a competition players may wait to see if the course can be re-opened and play resumed, or withdraw. The decision to cancel or postpone a competition will be made by the Lady Captain. In her absence, if there are any adverse conditions affecting the proper playing of the competition, then a representative of the group of players should report this to the Lady Captain as soon as possible. In unusual circumstances the decision to cancel a competitive round may occur after the day of play. Should it be considered that competitive play is impossible, then the day's competition will be declared null and void and all scores returned on the day, before the decision, will be cancelled. A note advising the decision to cancel the day's competition will be appended to the sign-in sheet so that late starters are aware. Players scheduled to play in the morning, when the course is decreed unfit for competitive play and the competition is cancelled or postponed, will not be required to wait indefinitely or return to the course later in the day. A rescheduled competition will be open to all players who have not already had a score accepted for the competition.
- Examples of circumstances that render the proper playing of the game to be impossible:**
Greens are so flooded that putting is impossible.
The course is so waterlogged as to make it unplayable.
A tree has fallen across a green or another incident makes a hole or the course unplayable.
- Points to be noted:** Bad weather is not of itself a good reason for discontinuing or cancelling play. It is irrelevant that the course has not been closed by the Club. On occasions the course is suitable for social golf but not to play a competition. Once a decision has been made to cancel a competition it cannot be reinstated on the day even if the conditions improve. All eclectic scores will stand even though a competition has been declared null & void and if the eclectic book has been signed, then birdies and eagles may be entered in the Birdie Book. If a player scores under her handicap on a day when the competition is cancelled the card can be submitted for handicap consideration.

Re-scheduling of Competition Should the competition be re-arranged, the new date must be within two calendar months of the date originally fixed and within the same year, and must be posted in the clubhouse. The change of date may be applied to either the weekend or the Tuesday competition separately. If the Tuesday competition is cancelled and cannot be played at a future date, the winner will be the player with the best score on the weekend. Similarly, if the weekend competition is cancelled, the winner will be the player with the best score on the Tuesday.

Thunderstorms Players may stop play in a thunderstorm if they believe they are in danger from lightening, (Rules of Golf, Rule 6-8a(ii)). In this event the score should be checked and the spot where the ball rests marked and noted. Play should then continue from this spot when safe to do so.
The Ladies' Captain, or her representative, may make a decision on the suspension, cancellation or postponement of the competition. If play is abandoned then all scores and penalties will be null and void for the competition on that day.

Number of Golf Clubs Unless stated otherwise, a maximum of 14 clubs is allowed.

Ties Card Play-Off For the purpose of a card play-off the 'back nine' is always holes 10 to 18. In the event of a tie after 18 holes, results shall be decided on the back 9, then 6, then 3 and finally the last hole with, in the case of medal competitions) the handicaps being deducted in proportion.

i.e. 9 holes - 1/2 handicap, 6 holes - 1/3 handicap, 3 holes - 1/6 handicap,
1 hole - 1/18 handicap

If this does not produce a winner, the result shall be decided as stated in each competition or on a sudden death play-off commencing on the 1st.

Handicaps All Handicap details refer to 'Playing Handicaps' (not exact handicaps). If the entry to a competition states a Handicap Limit or maximum Handicap of 34, ladies with a higher handicap may enter but must play off 34. Their full handicap will be used for handicap adjustments.

If the entry to a competition states a Lady must have a **Playing Handicap** of below a certain amount, then ladies with a higher handicap may not enter.

CONGU CHANGES 2018

The main change which comes into force on 1st January 2018 is the introduction of new categories for both men and women. This means your handicap can go up to a maximum of 54.

Below is a table showing the new category 6;

WOMENS HANDICAP CATEGORIES 2018

History of Competition

G. 'Gee' Leader was still a member in 1973 and used to arrive on a motorbike. The G. Leader Trophy was a trophy that she won and was later presented to the club after her death by her family.

N.B. Players must enter their gross score per hole or they will be disqualified.
Notice (see next page).

G Leader Par Competition

The principle of this competition is that you are playing match play against the par of the course taking into account your handicap.

To mark your card:

In column A:

Write down your gross score on all holes, **or** the score at the point when you have picked up as you have lost the hole.

In the Points Column:

Record (after receipt of the shots you are entitled to on each hole) whether you have

won	recorded as a	+	(plus)
halved	recorded as a	0	(zero)
lost	recorded as a	-	(minus)

i.e. if you were doing a stableford

a win is equivalent to having scored 3 points or more

a hole halved is equivalent to scoring 2 points

a loss is equivalent to scoring 1 point or no points

At the end of the round count how many up or down you are against par.

All 18 holes must be played.

<u>Entrance Fee</u>	£1.50 payable on the day
<u>Prizes</u>	A voucher is awarded to the winner of each division, or in the case of a small field, according to the details on page 5.

Where a player elects to play the EWGA medal on both the first day and the alternate day they may only enter the club medal on the first of these days and must indicate their intention in the Competition Book prior to play and on the computer in the Pro Shop.

EWGA MEDALS

A minimum of four and up to a maximum 24 medal competitions may be held annually from 1 January to 31 December. Any, or all, of these competitions may be played in conjunction with a club Stroke Play competition, e.g. Hawkins Cup.

Unlike the Club Medal Competition there is no alternate day for EWGA Medals. Players may enter the EWGA medal competitions on all EWGA Medal competition dates. Players who wish to change from their usual day will no longer have to give written notice.

The player from each club with the best four nett scores returned during the EWGA year will receive the EWGA Club Medal winner's memento and be eligible to enter one of the six regional finals. The top 100 nett scores in each region will qualify to play in their regional final. Regional Finals will be held during April and May each year (from 2010 onwards). The top 10 players at each Regional Final will qualify for the new EWGA Champion of Champions Final played in June (from 2010 onwards).

The EWGA Club Medal winner's memento will be sent out in the August 2009 mailing, to be presented in December.

The EWGA Regional Medal Final entry forms will also be sent out in the August 2009 mailing and should be returned during January/February 2010.
