

# WALMER & KINGSDOWN GOLF CLUB

*The Club on the Cliffs*

## MEMBERSHIP

***AVAILABLE FROM £155***

Based high up on the famous White Cliffs, between Dover and Deal, you will find the beautiful James Braid designed Walmer and Kingsdown Golf Course. It is a very playable course with some unique challenges, in truly wonderful surroundings, but what makes us really special is the club atmosphere and the diversity of people that come to play.

---

***“A beautiful place for a relaxing game of golf by the sea”***

---

The course is played on the east and west side of a ridge on top of the Downs, overlooking the village of Kingsdown with a refreshing sea breeze and incredible views of the English Channel. It is a downland course measuring 6471 yards off the white tees and offers challenges for all abilities.

This is a golf club that has been interested in bringing new players to the game. Right from its inception in 1909 the club was set up to encourage families to play golf together and this ideal still holds true today.

This is a course for men, ladies, juniors and learners; all are welcome here to enjoy the game, the scenery and something good to eat and drink afterwards.

We welcome new members to the club. A range of memberships are available to suit the individual in relation to age and when you would like to play your golf. Walmer and Kingsdown simply encourages a love of golf; if you share that then come for a round here with friends or family (it's a great game to play with your children).
