

## Corporate Membership - The Herefordshire Golf Club

We have taken a great deal of care to ensure that there is something suitable for the widest range of business needs. Detailed within are the three categories of membership we offer, their benefits and fees.

Each membership is seen as an “Advertising Partnership” which will allow your company to list it as advertising. Depending on budget, this will entitle your business to various levels of exposure and numbers of green fee passes.

**Bronze** is aimed at companies who’d like to take advantage of the advertising and association with the club and may not utilise the green fee passes.

**Silver** is more for the company wanting to get involved and using membership regularly with a view to taking advantage of the attractive rates on a golf day.

**Gold** is designed for those organisations who feel they would benefit from being one of the major partners of the club.

We very much hope you will find a package that is attractive to your business, employees and clients alike. The Herefordshire Golf Club is the county’s oldest golf club, boasting a James Braid layout with the current site dating back to 1932. Kept to excellent standards in beautiful surroundings this makes the club the standout golfing venue and a perfect location for an informal business meeting or team building event.

Please take a look at the options in full and do not hesitate to call in or telephone if you require any further information.

Yours

Trevor Harris  
Club Secretary
