Hi

Brett

Further to our brief discussion yesterday following our Society visit last Thursday, I have tried to put a review on your web page but our Civil Service computer system restricts us from making comments via Twitter or Facebook pages. I will try to put something on Trip Advisor.

I would just like to say that we had a really good day at Deane and several of our members commented on how nice the course was, how well the greens played and in particular, how friendly the members were out on the course. One of our members summed it up perfectly when he said " a quirky little course, with something for every type of golfer and generous hospitality to suit".

Sincere thanks to you, Suzanne and the catering team and your members for making us feel welcome at your lovely course.

Please feel free to add me to your mailing list at allperkys@talktalk.net for any special offers as I would love to return at some point.

Regards

Dave
