

BENEFITS OF BEING A NEVILL MEMBER – (updated July 2018)

Being a member of Nevill Golf Club has its benefits:

Golf

Full reciprocal arrangements with Kings Hill and North Foreland entitling Nevill members to play at either course free of charge. Neither of these are competitors in terms of locality and both are marvellous courses (North Foreland in particular is a good day out). Bookings must be made via the office and allocations will be made on a first come first served basis.

On the occasions that the Nevill is closed due to reasons other than the Club's own commercial decisions (i.e. County fixtures) reciprocal arrangements can now be made, on a one-off basis, with most of our fellow Sussex Clubs and some of those that are near to us in Kent - you just need to ask, again, via the office.

We have also joined the Association of James Braid Courses which allows reciprocal arrangements at a variety of course worldwide (please see their dedicated website for the full list of courses and prices). Details of how to avail yourself of offers at individual courses are also on the website.

Insurance

Your membership insures you for up to £5M in liability for any injuries caused whilst playing at the Nevill and also loss of clubs/equipment but again, only whilst playing here. You may also claim up to £75 off your bar bill for a hole-in-one (certain restrictions apply - i.e. must be in a competition). However, we strongly advise that you also take out your own insurance policy to fill the gaps not covered, especially when playing away (if you'll excuse the expression!).

All in all, a benefits package worth cultivating.
