

Club competition dates and when Entry sheet/Start sheets will be posted/online

2019

There are two ways of signing up for competitions: online or a sheet on the competitions board.

Where players sign up for their own tee time online these will be available a month in advance. Start sheets on the board will also be posted a month in advance.

Where a draw is made for tee time and playing partners, the draw will be made the last weekday of the week prior to the competition.
