

# Why Choose Paisley Golf Club?

## .....as a Member?

We think we have a great club and we hope that if you're considering joining a golf club that we can demonstrate to you a number of reasons why.... **'You Should Choose Paisley GC!'**

Paisley Golf Club is thriving, we currently have well over 650 members at the club and it is growing all the time. We have a course that any club member in Scotland would be proud to call 'home' and allied to that we have a friendly, welcoming club culture that makes Paisley GC a place where you can relax and enjoy your leisure time.

We believe that golf should be accessible to all, from the junior or adult golfer who has just recently taken up the game, all the way through to the experienced golfer, who in some cases may have been playing the game for over 40 years.

We are particularly proud of our in-house Golf Professional staff lead by PGA Professional and TGI golf partner of the year for 2014, Andy Carlton. Andy is ably assisted by PGA Professional Clare Marie Macaulay and between them they take great care to make sure the playing aspect of your membership is well looked after at the club.

We have made over £120,000 worth of improvements to our course over the last 3 years, at a time when many clubs have had to drastically cut their budgets. This investment is now bearing fruit and we believe we have one of the best courses in the area and pound for pound, one that is fantastic value for money.

In line with these recent course improvements, Paisley Golf Club also undertook a recent membership survey to get the members views on the club and the results were better than we could have wished for, with many areas of the golf club surpassing the national average. So all in all, we are heading in the right direction as a club!
