Men's and Mixed

Conditions of Competitions

- 1) All competitions will be played under the current Rules of Golf. Failing the appointment of a Referee, all decisions can only be decided by the Professional (or his delegated staff), and/or a member of the Golf & Social Committee, and/or a Director.
- 2) Members may not enter for, or play in, any competition (or round of competition) if they have not paid their subscription. All entry fees and optional sweeps must be paid prior to play and name/names must be entered on the relevant entry/start sheets.
- 3) The Club has a fixed entry fee as notified for competitions. Entry fees are non-refundable and they cannot be allocated to a substitute player.
- 4) All competitions are to be played off the handicaps ruling on the date of play but they will be subject to any allowances, or limitations, in relation to the Rules of the competition. For open competitions, visiting amateur golfers must hold a CONGU handicap or a handicap issued by the equivalent international golfing regulator, and possess a Handicap Certificate. (Handicaps issued by the EGU or golfing societies are not acceptable).
- 5) All competitions, or matches, must be played from the competition tees unless stated otherwise.
- 6) Unless specified otherwise, there will be only two starting points – namely the 1st and 10th tees. The course is closed until the last competitor clears the 1st green in the morning.
- 7) (a) Ties in stroke play are decided by a card countback of net scores on the following holes allowing proportionate handicap allowances:-

Over the last 18 holes (36 hole competitions only); then last 9; then last 6; then last 3; then last hole; then last 2; 4; 5; 7; 8; 10; 11; 12; 13; 14; 15; 16; 17. If still tied then the result will be decided by lot.

Note: For the purposes of countback, all competitors are assumed to have started at hole No. 1.

(b) Ties for the Club Championship (scratch only) will be decided by a sudden death play-off, over holes 1, 17 and 18 under medal play conditions, commencing within 15 minutes of all scores being validated. If a playoff is unable to be played in the quoted 15 minutes, there will be an 18 hole playoff on a date to be decided by all parties, with a sudden death over selected three holes until a final result. All division ties to be decided by handicaps.

- 8) **Groups**
Competitors in stroke play competitions must play in groups consisting of fellow competitors only. Penalty for breach is disqualification.

- 9) **Starting Times**
Tee times allocated by the Club are the time of starting - Rules 6.3 & 33.3. Where competitors are able to choose tee times, then the tee time selected, when the sheet is removed, is the time of starting under Rules 6.3 & 33.3. Competitors must adhere to the starting time originally booked unless otherwise directed by the Starter. Penalty for breach is disqualification.
- 10) **Reporting for play**
Before play, report to the official starter to collect your card no later than 5 minutes before your tee time (15 minutes if starting at the 10th tee). In accordance with Rule 6.3 the Club will impose a 2 stroke penalty if the player reports within 5 minutes late of the tee off time but if more than 5 minutes elapses, the player will be disqualified.
- 11) **Score Card Markers**
Competitors must have their score cards marked by a fellow competitor. Penalty for breach is disqualification. (Players are reminded the Rules of Golf specify how score cards are to be completed and submitted; incorrect cards will suffer the appropriate penalty).
- 12) **Absences**
Members are expected to appear for their respective starting times. If a member is unable to play he/she should remove their name from the starting sheet as soon as possible. If a member's name remains on the starting sheet it is the member's responsibility to contact the office or Professional's Shop to advise his/her absence at least 30 minutes prior to the start time. (It is recommended that players do not rely on a third party to notify absence). If contact is not made in good time, then that member will be barred from the next two competitive stroke play rounds organised by the Club for which the member is eligible to enter other than Captain's Day, Battle of Britain, AM-AM, Guest Day or Festival events. (For clarity, each stroke play round of the Top Dogs, each round of the Hirst Salvagers, and any 36 hole competition is to be counted as one competitive round). Mixed pairs will be barred from the equivalent mixed stroke play rounds.
- 13) **Suspension of Play**
When play is suspended by the Committee for a dangerous situation, if the players in a match or group are between the play of two holes they must not resume play until the Committee has ordered a resumption of play. If they are in the process of playing a hole, they must discontinue play immediately and not resume play until the Committee has ordered a resumption of play. If a player fails to discontinue play immediately, he is disqualified unless circumstances warrant waiving the penalty as provided in Rule 33-7.
- The signal for suspending play due to a dangerous situation will be a prolonged note of the klaxon siren. The signal for resumption of play is 2 short notes of the klaxon, repeated 4 times. Penalty for breach is disqualification.
- 14) **Competition Results**
All winning scorecards to be signed off by a committee member or Head Professional before any posting of results.

KNOCKOUT COMPETITIONS

- 15) a) All knockout competitions will be played to a result. A match that ends "all square" must be immediately played off hole by hole, until one side wins a hole, starting at the hole where the match began and with strokes again being taken.
- b) All entrants must have a current handicap upon entering the competition. Players must also have a current handicap at the time each round is played. It is the player's responsibility to comply with this rule. This rule applies to both pairs and individual knockout competitions.
- c) In the Morton Lucas and Pybus Knockouts, if one of the pair drops out of the competition then they may be replaced BEFORE the 1st round is played.
- 16) Except for a Final, no extension of the closing dates for the rounds will be granted. (Special arrangements will be made in the event of prolonged course closure.)
- 17) Winners of matches in knockout and league competitions are responsible for results being recorded. In the event of a match not being played or the result not being posted by the final date designated, then both sides to be disqualified from the competition.
- 18) **Rules of Challenge**
- a. There is an equal responsibility between both sides to arrange the match.
- b. If a time and date to play a match is agreed then non-appearance by one side will allow the other side to claim the match after 5 minutes have elapsed. When the time and date has been agreed it may only be altered with the mutual agreement of both sides.
- c. If a date and time for the match cannot be arranged then a side may claim the match by standing adjacent to the 1st tee at 2 p.m. on the last day stipulated for the round being ready and equipped to play the match and the other side do not attend before 2.05 p.m. The side claiming the match must first report their intention to the Professional (or his staff) or a member of the Golf & Social Committee or a Director, so correct procedures are established. In a Foursome or Greensome competition it will be necessary for both players in the side to attend the 1st tee as prescribed.
- d. If both sides to the match attend the 1st tee by 2.05 p.m. on the last stipulated day for the round, then the match shall be played as soon as the tee becomes free.

Match of the (new) Captain's Select team -v- the Immediate Past Captain's Select team

To kick start the new Captain's year in office. Often involves a meal and a speech.

(History - the Trophy was presented for friendly inter-club matches against Basildon Golf Club following a boozy Essex Juniors (now known as the Leslie F Wood) away match against them. The match soon fell out of favour, and the trophy was given over to an annual match of Right Handers versus Left Handers. Due to a dearth of left handers, it remained unplayed for a number of years and eventually was played to the current format in 2009).
