

Handicap Adjustment Disputed By Playing Member

A member who receives a handicap adjustment under Clause 23 and Clause 24 of the CONGU Unified Handicapping System may appeal against the decision under the following procedure:

Appeal in writing, within 14 days of receipt of notification of the adjustment, to St Neots Golf Club Handicapping Committee explaining their reasons for appealing against the decision.

The Handicap Committee will then review the appeal reasons and notify the member of their decision.

Escalation Procedure

If the Handicap Committee do not support the appeal they must send a copy of the player's playing history (including club match play competition results) a copy of any correspondence between the member and the club and submit these together with the reasons for the adjustment to the County Union/Area Authority for further consideration.

The County Union/Area Authority shall then consider all known facts and do one of the following:

- (i) Write to the club with their decision, plus a copy to the member.
- (ii) If uncertain submit details of the appeal to England Golf, whose decision shall be final.
