SENIORS MATCHPLAY PAIRS

Background

Format History

Introduced by Ray Dennis during his seniors captaincy in 2014. It was decided by a vote of senior members to draw for partners.

Current

18 holes matchplay. 90% handicap difference allowance. Draw for partners.

All matches to start at the first hole.

Open to all Seniors Section members. White Tees.

In the event of a tie after 18 holes, the match becomes sudden death starting at the first, with strokes given as in the first 18 holes.

Entrants must have active handicaps on the day of the draw.

Specified deadlines for completing the round and registering the result on the draw sheet must be strictly observed. If not, both teams will be eliminated. Both teams are responsible for arranging a match.

The prizes pot will be the entry fees, less the usual deductions. The winners will receive 60 percent, the runners-up 40 percent.

It is expected that the Seniors Captain will accompany the final.
