

SENIORS NOTES - 9th March

Well another day slips by without a full and complete round of golf for us all! Adrian has kept the list of starters today and so knows you have paid – he will ensure your next normal competition round is so marked. I can quite understand the groundswell that is developing towards getting rid of this new Captain.

Captains Away-day will go ahead at Launceston, weather permitting, on March 21st and I'm now working on the team order, the notice-board list is purely alphabetical. Addressing the players going I now think it best that you pass me the full payment, and I'll sort out with the Club.

I would point out to you the cross country event on April 1st at the Club. A fun competition on an appropriate day does give you the opportunity to play the course as you have never done before. The 'Phillips nine' will have you hitting shots into and out of parts of the course you may not have visited before. Some holes are long, very long and some extremely short, all good fun and I'm sad not to be able to be there. I would also point out to you the sheets for Founders Day are on the Mens board – put your names down.

Inter club matches are now starting - with the Tiverton away fixture set for Tuesday 20th March. Other matches will now come thick and fast, and I encourage all members to put your names down on the various sheets on the board. Please see me if you are in any doubt.

The Ronnie Pew Knockout is also shortly starting details are on the board. Put your names down, and approach Stan with your £2 entry fee. It's a straightforward knockout competition through the summer period where the higher handicap members can sometime do very well.

I would point out also that you can always e-mail me with withdrawals or late entry notes for the Start sheet, as well as by phone or putting the same on the notice board copy. E-mail to johnm.pawley@gmail.com

We have a new member, which I forgot to mention, so I do now – welcome Derek Keen.
