Once received, Shona will notify the membership that these are available for collection from the Office or the Professional Shop.

### Course Update

At the start of the week, the team top dressed the greens on the Balgownie course to further promote the recovery of the recent maintenance work improving future experience for all members & guests. The team have been working on removing the mound on the left side of the entrance just prior to entering the main car park area, this area previously burned out in warm weather so by levelling it will allow the team to maintain the area easier, additional irrigation is being added, which will also assist with presenting the arrival area in better light in future years. Bunker renovation work is also work in progress to improve the experience for all members.
