Sometimes you can get a bit complacent with playing your own course all the time so it's nice to know that as a member of Shirley Park Golf Club you will have a reciprocal arrangement with seven other clubs.

Our members are allowed to play golf at any or all of the golf clubs shown opposite three times each year between January and December on weekdays.

We can play two of the clubs at a reduced green fee and five of the clubs let us play for free.

That's 21 rounds of golf worth almost £1,000 each year when you join Shirley Park Golf Club.
