Cleethorpes Golf Club

General use of Ride-on Buggies/Trolleys on the Golf Course

(In this document 'Privately owned' refers to any Golf Buggy brought to the course & excludes the Golf Buggies available for hire from the Club Professional.)

Introduction

Due to disability, some members, visitors and guests may not be able to play golf without the help provided by a motorised ride-on buggy and/or trolley. The purpose of this document is to establish a standard for the safe operation of all ride-on buggies/trolleys operated on the course at Cleethorpes Golf Club. The document also sets down the criteria to be applied and conditions to be met when the Club considers applications for buggy/trolley use.

Qualifications

In normal conditions, there is no restriction on the use of ride on buggies/trolleys other than in some circumstances; however it may be necessary to restrict their use (see Buggy/Trolley Restrictions).

Use of a ride-on buggy will not be allowed unless authorised by the Pro shop or the Club. Any person who operates a ride-on buggy on the Golf Course is deemed by so doing, to have the knowledge, training and skill to safely operate this vehicle and be fully accountable for their actions and the consequences thereof.

The safe operation of ride-on buggies on the Course requires conscientious application and adherence to the minimum standard of care prescribed by this policy.

Ride-on buggies must be operated in accordance with the requirements of the following documents:

- Golf Buggy Safety Policy
- Golf Buggy Safe Working Practice
- Golf Buggy Safety Policy Acknowledgement Form
- A current medical certificate from a doctor
- Valid 3rd party liability certificate

The Club or the Pro shop reserves the right to refuse permission if some or all of the conditions stipulated are not met. The Club or Pro shop also reserves the right to withdraw authorisation of a buggy/trolley.

The Club reserves the right to withdraw authorisation if the medical condition or disability necessitating the use of a ride-on buggy/trolley ceases, or, the conditions for its use are not fully complied with.

From time to time the Club staff may determine that the state of the course or the weather is such that safety on, or the condition of, the course may be unacceptably compromised if a ride-on buggy or trolley is used. This might apply to the whole or just part of the course; this will be for reasons of practicality, assessed and judged hole by hole and posted on a notice board.

Potentially unsuitable conditions include waterlogging, frost, etc. Where such conditions arise the club will review the situation on a twice daily basis, early morning and midday. This will be at the discretion of the Greens Staff.

Use in General Play and Competitions

During general (non-competition) play a ride-on buggy shall only be used by members, visitors and guests authorised to do so.

Ride-on buggies may be used during closed and open competitions except Club Championships when only those suffering from a disability within the meaning of section 6 of The Equality Act 2010, and in possession of a current doctor's medical certificate, are able to do so.

Golf Buggy Safety Policy

The Club has a duty of care to all users of the golf course. The topography of certain areas of the course is such that caution and prudence must be shown by the user of a ride-on buggy. It is also necessary for the Club to provide adequately safe means of access for all golfers including those given permission to use buggies. Moreover, the Club has to ensure the safety of golfers who do not wish to use ride-on buggies.

To assist the safe employment of ride-on buggies all potential users (members, visitors and guests) shall comply with the following conditions:

1. Ride-on buggies on Cleethorpes Golf Club property are only for the use of members, green fee-paying visitors, entrants in competitions or other person so authorised by either the Secretary or the Professional.

4. Ride-on buggies must be fit for purpose (designed for golf course use) and not adapted from another use, they must be operated and parked in such a manner that they do not impede or interfere with normal pedestrian or vehicular flow on roadways, ramps or pavements.
5. Ride-on buggies must be operated and parked in such a manner that they do not impede or interfere with normal pedestrian flow.
6. Ride-on buggy operators will be responsible for the security of the buggy for the period that the buggy is on the property owned by the Club.
7. Cleethorpes Golf Club has no responsibility for ensuring the safe operation of ride-on buggies on or beyond the confines of the course and the club car-parks other than those operated by their servants or agents. The Club will accept no responsibility for any loss or damage caused to any property other than that arising from the negligent use of a ride-on buggy by their servants or agents.
8. No ride-on buggy will be operated in excess of what is safe in the circumstances. All speed limits must be observed. When the ground is wet, muddy, or negotiating narrow bridges or routes, the maximum permissible speed is walking pace. Operators must however ensure that they drive at the appropriate speed and in the appropriate manner for the prevailing conditions.
9. Ride-on buggies shall be used only between dawn and dusk.
