'Fresh and homemade' at the heart of John's cooking

There is plenty going on at Honiton Golf Club and, with Christmas fast approaching, the developments show no signs of slowing down. The club has welcomed a new taste in its kitchen setup with the arrival of catering manager John Golder. He has settled into the kitchen to prepare his daily menus of fresh and homemade produce.

John has a wealth of experience in the catering trade, having owned and managed businesses in and around Exeter, Torquay and Topsham.

He takes pride in the food he prepares for both members and visitors to the club and loves producing the sort of food people love to eat.

His portion sizes are already becoming a bit of a legend and all are very reasonably priced.

During the winter months, when the club house becomes quieter, the club can offer outside party bookings - phone John to discuss any special requirements.

There is always plenty of parking available, and the club is situated ideally for family or work parties.

Jackie Seager, director at Honiton Golf Club, said: "We are excited with the menu that John can offer us."

"He is also going to do some themed menus as well as his regular grill night on Fridays and Sunday lunches. Booking is essential."

Honiton Golf Club is also offering a host of tasty deals to take advantage of ahead of Christmas. The Pro Shop, run by club manager and PGA professional Adrian Cave and his assistant, PGA professional James Pickard, is currently offering golf lessons at five for £25, or individual taster lessons for £9.99.

They have a fully equipped, high-spec indoor teaching/simulation facility.

The Pro Shop Christmas sale weekend takes place this Saturday (December 12) and Sunday, with everything reduced.

The club is also currently offering a trial membership deal - six months' full membership for just £325 (and an affiliation fee), running from January to June 2016. There's also the option for six months' flexible playing

membership for just £85 and £15 per round. Honiton Golf Club's chairman Peter Clarke said: "Visitors are always made very welcome and many go on to become members at Honiton."

"We have got the benefits of being a member just right - not only do you get a member's discount for the bar and food but you also get regular social and competitive golf."

"We also have a great range of social events throughout the year."

"The course is ideal for beginners because it's relatively flat, but it can still present a challenge for the more avid player."

"Our membership ages range from five years to 100 years - proof that golf can keep going for as long as you like."

For more information, call the club on 01404 44422.
