Memberships Subscriptions 2018

The members present at the AGM voted to move the membership year, currently January through December, to January 2018 through to March 2019. This was to ease the burden of funding membership costs during the festive period. This year will therefore cover an extended period of 15 months and thereafter fees being payable in April of each year.

The membership fees may seem inflated, however extending the current year by three months exaggerates the price but has been introduced to alleviate the burden of paying fees at a time of year when personal finances may be stretched.

To assist members and spread the costs we have introduced various methods of payment options. Fees may be paid in one sum or split into two halves with the first payment in January and a second instalment in June. Alternatively payments may be made by Direct Debit of 10 or 12 equal monthly instalments.

We hope that our members agree that annual fees being payable in April is in the members best interests. The fees below include insurance, Scottish Golf levy and £30 Club levy card where applicable.
