- Clean & dry summer/pimpled type of golf shoes are permitted. Metal studs and soft spike golf shoes are not permitted.
- In winter golf clothing can become muddy and wet while in summer it can be hot and sweaty. Both are unacceptable and may stain the clubhouse furniture. Players are therefore asked to shower and change their clothing as appropriate. In other circumstances golf and tennis clothing are acceptable
- Hats, caps and visors should be removed before entering the clubhouse.
- Mobile phones to be silent, unless in emergency use.
- Any clothing that is torn or frayed, trainers that are dirty or scruffy, men's sandals, flip flops, cargo or combat style trousers, T shirts, football/rugby shirts and mens shirts without sleeves are not considered smart and therefore are not acceptable. No denim clothing of any description apart from smart jeans are acceptable.

Ladies are asked to follow the spirit of the Dress Code where, because of differences in male and female attire, it is inappropriate for them to observe the letter of it. Junior Golfers have their own guidance as part of the junior section.

Members are responsible for ensuring their guests are aware of and observe our dress code. Anyone concerned about the dress code of others should neither confront nor criticise them. Any concerns should be raised with the general manager, front of house team or club professional.

The club has the right to amend the dress code at anytime
