

## How lucky am I

Our fairways are empty  
Our golf course is bare  
No golfers around  
There's a virus out there

The greens team are busy  
Keeping it cut  
The greens look so good  
Can't wait for a putt

The virus is deadly  
So please stay inside  
Say a pray everyday  
For those who have died

We thank all the workers  
Who help us the most  
To all our keyworkers  
We raise you a toast

Thanks to all those  
Who help us the most  
Just think of the guys  
Who deliver our post

The doctors and nurses  
Are working all hours  
To keep people alive  
Doing all in their powers

The dustbin people  
Are out everyday  
To help keep us safe  
Take our rubbish away

Those in the shops  
Who make sure we can eat  
The factories keep running  
Such a great feat

To Captain Tom  
We send our best  
A cool 30 million  
Sir, we're impressed

All over the world  
So many have died  
Their loved ones are grieving  
A billion tears cried

One day when it's over  
Look up to the sky  
Stand on the 1st tee  
Say "How lucky am I"
