

TERMS OF COMPETITION

RUMBLE OR WALTZ

- Format –stroke play
- Teams of 3 or 4 players
- Handicap allowance – full allowance for teams of 3 and for teams of 4, $\frac{1}{4}$ shall be deducted from each player.
- If all teams are 3 or all 4 then no allowance is required
- Mark each player as A, B, C or D on the Rumble scorecard. Player A is the player with the lowest handicap and is the Team Captain.
- The number of scores for each hole is marked on the scorecard.
- If all scores are required then all members of the team must putt out.
- If all scores are not required and a player is running up a high score they should pick up.
- Unfortunately the computer cannot deal with a mix of 3 and 4 player teams, therefore the net scores for each hole require to be written on the card and the results worked out manually.
