3. Complete the form, entering your *Dullatur Golf Club Membership Number* as your username, then click **Register** to submit the form.
4. You should receive an on-screen message advising that your registration has been successful but that you will not be able to login until the club has *verified* your account.

This means you cannot actually login and use the BRS system until your registration has been verified and approved by the club. This check is to ensure that the information submitted agrees with our records. Once we have verified your registration, you will receive a further email to confirm that you are now approved and will thereafter be able to use the BRS system.

For existing members, approval would normally happen same or next working day. For new members, approval is provided after the annual subscription or agreed deposit amount has been paid, and may therefore take a little longer.
