A long standing member of Ripon City GC, in my early golfing years I assisted the then Captain looking after the juniors. I used to make sandwiches for their after game tea. Later I joined Yorkshire County Ladies and became their County Junior Organiser for 6 years. I attended training sessions, matches and championships travelling all over Britain with the girls. I then became County Captain before returning to play golf at Ripon City GC.

I have been Lady Captain twice, Club President and at the present time am a director and Chairperson.
