*Seniors Captain
Gordon Burgess*

*Junior Captain
Ryan Carter*

President Peter House

Captains' Charity Day

Friday 24th August 2020

Details to be published

Please support your Captains and their Charity

Competition Formats

Medal	Individual stroke play. Record gross scores only. On completion of round total your gross score then deduct handicap to give a net score.
Stableford	Individual stroke play using the stableford points system. Record gross scores only. Points are awarded as per the stableford system.
Bogey/Par	Individual match play against the course. Shots are received as per stroke index and holes are either won/lost/halved.
Match play	May be either singles or pairs. Holes are decided by the player/pair taking the least amount of strokes. Shots to be taken in accordance with the indexes.
Foursomes	Played in pairs, each player may drive either odd or even holes (same order to be kept throughout the match) and then play alternate shots until the ball is holed out.
Greensomes	Both players drive and select which drive is to be played. They then play alternate shots as in foursomes.
Dovetail Stableford	Played as pairs. Each player must score on 9 holes. The score to be counted from the previous hole must be decided before teeing off on the next hole.
Texas Scramble	Team event. All team members drive, select which drive is to be used and then all team members play their next shot from the same position. Each team member may be required to count a minimum number of drives.
Bowmaker	Team event. A certain number of scores from each hole will be required to count such as best 2 from 3 on every hole.
Medalford	Play the front nine as a medal, calculate your net score then play the back nine as a stableford. Stableford points are then deducted from medal score to give a total.

In all events the gross score is all that we wish to see recorded against any name. Any further information, i.e. stableford/bogey/par scores only to be recorded in the appropriate column.

If any member has a query with regard to competitions or handicaps please do not hesitate to contact a member of the Competitions Committee.

Suspension of Play

If the suspension is for a non-dangerous situation (e.g. extensive temporary water, high winds, poor visibility, etc.) the signal will be **three consecutive short notes of a horn (repeated)**. The normal procedures of Rule 5-7b will apply.

If, however, play is suspended because of a dangerous situation (e.g. lightning) you are reminded that a player must discontinue play immediately (see Rule 5-7b). The signal for suspending play due to a dangerous situation will be a **prolonged note of a horn**.

Play will be resumed as soon as it is practical to do so and the signal for a resumption of play will be **two consecutive short notes of a horn (repeated)** and the procedure is set out in Rule 5-7e.

Note

The General Committee wish to make it clear that should bad weather be experienced during any competition or match, the organisers or the Complex do not accept responsibility for members or visitors' safety.

If it is deemed that the best way to insure a competitor's safety, particularly during electrical storms, is to retire from the competition then the usual penalty for not returning a completed competition scorecard will not be enforced.

This procedure is for competition play only.

For non-competition play Complex rules will apply.
