

GREENISLAND GOLF CLUB

Winter League 2020/2021

The winter league season begins this Saturday 17th October. Due to the number of entrants we are having to run the competition over Saturday and Sunday. There are 80 slots available on the Saturday with a further 40 slots being offered on the Sunday. Please note that you can only enter to play on either Saturday or Sunday not both.

This year we are using the computer to collate scores. You will be required to sign in as normal and then enter your score on completion of your round. There are 2 ways to enter your score. You can do it via the PSI terminal in locker room or via the Howdido App. Please use hand sanitiser before using the touch screen in the locker room.

Using the Howdido App to Sign in & Enter Scores

We have introduced another option for score entry and sign in. You may sign in via the app or the website and also enter your scores. This is a contact free method and can also be accessed via any desktop or laptop computer.

Please watch the videos attached to this email.

Rules

1. All winter league revision from 10th October are calculated based on and only apply to winter league handicaps.
2. Your winter league handicap is calculated at 7/9th of your GUI handicap.
3. Winter League handicap adjustments are displayed in the table below. Winter handicaps can only be reduced not increased.

4. In the individual competition competitors stay in their original Low or High section regardless of reductions in handicap.

44	2	3	4	5	6

A. Individual Competition

1. The competition runs for 6 months (24 weeks) giving everyone the chance to register up to 24 scores.
2. The top two scores in any month qualify: that's up to 12 scores in total including your 6 highest monthly scores along with your 6 second best monthly scores.
3. Six scores out of the 12 make up the final competition total. The competition total will comprise of your best 4 monthly scores plus your next best 2 scores from the remaining 8.

This format aims to eliminate as far as possible weather disruptions and encourages all to play as many times as possible as any weekly score may count towards the final competition total.

B. Team Competition

1. The top 5 out of all scores posted every month by the players of any team make up that team's monthly total.
2. Points awarded in the competition in any month range from 10 – 1; from the highest team total to the lowest.
