Winter League

1. The format of Winter League is 4BBB Matchplay played over 18 holes. If match is tied after 18 holes no further holes are played and result will stand as a drawn match. Ideally a Tiger (HI 0- 14.9) with be paired with Rabbit (HI 15.0 – 54).
2. 6 Winter League Competitions will scheduled with 6 alternative dates for these fixture should the weather intervene. Only 5 results count from the 6 competitions and the worst result from 6 will be dropped (this includes both the points scored and holes up/down score).
3. Scoring is as follows :-
 - 3 points for a win, 2 points for draw & 1 point for a loss/turning up
4. All matches must be played until a result is confirmed and matches should not be conceded early as holes up/down could have a bearing on the overall Competition results.
5. In the event of tie after the 6 competitions, holes up/down will be used to decide winners/runners up. If results are still tied the Winter League will be decided by a match play playoff. The tied Competitors whether Tiger or Rabbit will be drawn with a Tiger or Rabbit that has participated within the competition and played in at least 4 out of the 6 rounds of matches. The play off will be arranged within 2 weeks of the playing of the final Winter League. In the event of a further tie after 18 holes og match play playoff, sudden death will be used to decide the result.
6. 90% Handicap Allowance applied to all players Course Handicaps. The player with the lowest Playing Handicap plays off zero strokes relative to the other players. i.e.

| | | |
|------------------|-------|--------------------------------------|
| ▪ Player A CH 12 | PH 10 | Plays off scratch |
| ▪ Player B CH 15 | PH 13 | gets 3 shots (Holes with SI1 – 3) |
| ▪ Player C CH 20 | PH 18 | gets 8 shots (Holes with SI 1-8) |
| ▪ Player D CH 26 | PH 23 | gets 13 shots (Holes with SI 1 – 13) |
7. Winter Rules of Golf should be adhered when these are in play. i.e. Fairway Mats to be used on fairways only and not in the rough. If the course and weather conditions have not allowed the Greens staff to effectively define the fairways then the Winter League Coordinator will communicate on the day that Fairway Mats will be used in all areas of the course except in the Trees/Copse.

8. If Winter Greens are in use then players must hole out for the score to count. '2 putt rule' should not be used on Winter Greens for this Board competition.
9. Where numbers of players registered for that days Winter League Competition does not allow for all players to be paired up, Calcutta Format will be used when there are three players. 90% Handicap Allowance for all players still applies with shots been taken from the low man.
 - Each hole has 6 points up for grabs. The player with the best nett score receives 4 points, the 2nd best will receive 2 points and the 3rd player receives 0 points (4 – 2 – 0).
 - If two players tie for the best nett score, they receive 3 points each, the third player 0 (3 – 3 – 0). If two players tie for second best nett score, points are allocated in a 4 – 1 – 1 fashion.
 - Points can be recalibrated in such a way to make it easier to remember the score. For example, if the scores are 12 – 8 – 6 after 4 holes say, this is the equivalent of 6 – 2 – 0. Or 10 – 8 – 8 reduces to 2 – 0 – 0.
 - The match will continue until all 3 places are decided. I.e. If after 17 holes the score is Player A=17pts, Player B=8pts and Player C=0 pts then Player B can't catch Player A and Player C can't catch Player B.
 - Player A gets 3 pts for win, Player B 2 pts for draw and Player C 1 pt for loss
 - As Player A beat Player C by 17 points and as 4 pts equates to a hole won then Player A would get 4 holes up and Player C would get 4 holes down. Player B 0 Holes up or down for draw.
