

Hi Mick and Lana,

The strange nature of 2020 has given me pause for reflection. You are never far from my thoughts when I consider how lucky I am to have been appointed to manage such a warm and welcoming club as Shirley.

I am firmly embedded in the 'Home of Golf' and awarded the most amazing opportunities that money cannot buy. All of this was made possible by your careful and considered stewardship all those years ago.

We live in what can easily be described as a rural idyl, and there are few luxuries in life that we are denied. There are many who should be justifiably envious.

I hope you are both well and that you have endured lockdown relatively unscathed.

I miss you both a great deal and look forward to being able to meet up again at some point.

Cheers,

David.
