

## Restrictions for use of ride-on buggies and trolleys by medically exempt individuals during trolley/buggy bans

The criteria and restrictions listed below are set out for individuals with medical exemptions to use their ride on buggies and trolleys safely at times when the golf course is deemed unsuitable for buggy and trolley use by able bodied people.

They have been set out after carrying out risk assessments on every hole and list the areas deemed safe enough for the users of these buggies and trolleys and the pieces of equipment themselves.

***These rules must be followed at all times.***

### **Car Park & Clubhouse Environs**

Care must be exercised in the car park in regard to parked and moving vehicles and pedestrians, and on the approach to the 1st or 10th tees.

Medical exempt buggy and trolley users will also have to stick to the rough at all times and follow the guidelines below to keep to the safest areas on each hole.

Golfers should follow the directions given by white lines, ropes and signs around each green.

**Note:** These instructions are to be read in conjunction with the overall policy and do not absolve the user from complying with the requirement to avoid any tee or green (including temporary greens) or any ground under repair or into any bunker. A buggy must not be driven on to any apron nor inside any greenside bunker and should also avoid pond surrounds etc. as indicated within the policy document(s).

- 1<sup>st</sup> Keep to the right rough
- 2<sup>nd</sup> Keep to the rough and head towards the path by the 7<sup>th</sup> tee
- 3<sup>rd</sup> Keep to the left rough, then keep to the left of the trees at the side of the green to approach the 4<sup>th</sup> tee by the path
