# OFGC Children's Safeguarding Policy

## **INTRODUCTION**

Ormonde Fields Golf Club has considered its responsibilities to the children participating in golf at our club very carefully and has produced the following Safeguarding and Child Protection Policy. It underpins the procedures in order to set out the standards we wish to uphold in providing activities for children and safeguarding the welfare of children in our care.

Everyone working with children and young people has a responsibility for keeping them safe, irrespective of their role, whether they are paid members of staff or volunteers.

Ormonde Fields is committed to ensure that the sport of golf is one within which all participants can thrive in a safe environment and that all children and young people have an enjoyable and positive experience when playing golf.

Ormonde Fields also recognises its obligations towards older members "vulnerable adults" and this is recognised in a separate policy document.

## **KEY PRINCIPLES**

- The welfare of children is paramount.
- A child is defined by law in England and Wales as a person under the age of 18 years.
- All children, regardless of their Age, Race, Religion or Belief, Disability, Gender identity or Sexual Orientation, have the right to protection from abuse.
- All concerns and allegations of abuse and poor practice will be taken seriously and responded to swiftly and appropriately.
- All children have the right to be safe.
- All children have the right to be treated with dignity and respect.
- Ormonde Fields will work with children, their parents/carers and external organisations to safeguard the welfare of children participating in golf.
- We recognise the authority of the statutory agencies and are committed to complying with Local Safeguarding Children Board Guidelines (LSCB), Working Together under the:

Children Act 2004, and any legislation and statutory guidance which supersedes these.

The Data Protection Act 1994 & 1998 and GDPR Regulations 2019

The Police Act 1997

The Human Rights Act 1998

The Protection of Children Act 1999

Caring for the young and vulnerable - Home Office Guidance for preventing the abuse of trust 1999

The Criminal and Court Services Act 2000

What to do if you are worried a child is being abused 2005

Working Together to Safeguard Children 2010)

The UN Convention on the Rights of the Child

- OFGC is committed to working in partnership with other key UK Golf Bodies to continually improve and to promote safeguarding initiatives across the sport.
- The Club and other golf bodies have a legal duty of care to children on their premises or engaged in their activities. That duty is to take reasonable care to ensure their reasonable safety and the duty is higher than it would be for adults. This policy does not imply that Ormonde Fields Golf Club assumes any of those legal liabilities, which remain with the relevant golf bodies.
- All staff and volunteers working in golf have a responsibility to report concerns to the Club Welfare Officer. Adults staff, volunteers, coaches, referees and members will be supported to understand their role and responsibility with regard to the duty of care and protection of children and young people. Individuals will receive support through education and training to be aware of and understand best practice and how to manage any welfare or child protection issues that may come to light. Ormonde Fields will work in partnership with parents to review and implement child protection and welfare procedures of the Golf Club's policy and procedures.

## **OBJECTIVES**

The overall aim of the policy is to ensure that everyone participating in the sport of golf does so in a safe environment that supports children and young people to meet their potential.

Ormonde Fields aims to

- Provide a safe environment for children and young people participating in golfing activities and try to ensure that they enjoy the experience.
- Ensure robust systems are in place to manage any concerns or allegations.
- Support adults (staff, volunteers, PGA Professionals, coaches, members, and visitors) to understand their roles and responsibilities with regard to their Duty of Care and protection of children.

- Provide appropriate level training, support and resources for staff, volunteers & coaches to make informed and confident responses to specific safeguarding issues and fulfil their role effectively.
- Ensure that children and their parents/carers are informed and consulted and, where appropriate, fully involved in decisions that affect them.
- Reassure parents and carers that all children and young people will receive the best care possible whilst participating in club activities and communicate Policy and Procedure to them through website/letter/consents.

## **RESPONSIBILITIES AND IMPLEMENTATION**

Ormonde Fields will seek to promote the principles of safeguarding children by:

- Reviewing England Golf policy and procedures every three years or whenever there is a major change in legislation. These changes will be incorporated into the club's own policies and procedures. Guidance will be sought from England Golf and other relevant bodies as part of this review process.
- Conduct a risk assessment of club activities with regard to safeguarding and take appropriate action to address the identified issues within suitable timescales.
- Using appropriate recruitment procedures to assess the suitability of volunteers and staff working with children and vulnerable groups in line with guidance from England Golf.
- Following National governing Body (NGB) procedures to report concerns and allegations about the behaviour of adults and ensure that all staff, volunteers, parents and participants, including children, are aware of these procedures.
- Directing staff, volunteers & coaches to appropriate safeguarding training and learning opportunities, where this is appropriate to their role.
- The Safeguarding and Child Protection Policy will be available to all members, parents, staff, volunteers, and participants.
- The Club Board has responsibility for ensuring that the policy and procedures are implemented, including taking any appropriate disciplinary action necessary.

**OFGC January 2021**

# 1. Recruitment and training

OFGC will endeavour to ensure that all volunteers and staff working with children and young people are appropriate and suitable to do so, and that they have all the information they require to undertake their job effectively and appropriately.

Each role which involves an element of responsibility with regard to children, particularly those involving the regular supervision of children, whether voluntary or paid, should be assessed by the recruiting body to establish which qualifications, checks and other requirements are necessary. These will include the following:

An application form **(Appendix 1)**

A self-disclosure form **(Appendix 2)**

References from 2 people **(Appendix 3)**

A signed Code of Conduct **(Appendix 4)**

A Disclosure & Barring Service (DBS) check on people involved in 'regulated activity' with children **(Guidance on Regulated Activity & DBS- Appendix 16)**

Details of the requirements and the qualifications and checks of individuals will be recorded by the Club Welfare Officer/Secretary/Manager who will also hold copies of the necessary Safeguarding and Protecting Children (SPC) certificates. The nominated person will possess all relevant and appropriate contact details of all staff / volunteers and other relevant bodies.

All staff, volunteers & coaches will be offered access to appropriate child protection training. OFGC recommends attendance at the UK Coaching Safeguarding and Protecting Children (SPC) workshop and will ensure that all volunteers and staff who have significant contact with children attend. An online UK Coaching refresher course should be completed and repeated every three years for those involved in "Regulated Activity."

All staff, volunteers & coaches working with children and young people will be asked to read and become familiar with the OFGC Safeguarding Policy and Procedures.

All staff, volunteers & coaches involved with children and young people will be asked to read the OFGC Code of Conduct relevant to their role, and sign to indicate their understanding and agreement to act in accordance with the code. The code is linked to the OFGC Disciplinary Procedures. **(Codes of Conduct-Appendix 4,5,6)**

OFGC are committed to the fact that every child and participant in golf should be afforded the right to thrive through being involved in sporting activity for life, in an enjoyable, safe environment, and be protected from harm. OFGC acknowledge the additional vulnerability of some groups of children (e.g. disabled, looked after children, those with communication differences). OFGC will ensure that the environment is appropriate for the child and tailored to their needs so that they have a positive experience of their sport without risk of harm.

## 2. Complaints concerns and allegations.

If a player, parent/carer, member of staff or volunteer has a concern about the welfare of a child, or the conduct of another child/young person or an adult (whether they are a parent, coach, member, or otherwise), these concerns should be brought to the attention of the Club Welfare Officer without delay. The person reporting the concern is not required to decide whether abuse has occurred, but simply has a duty to pass their concerns and any relevant information to the Welfare Officer. Please refer to Flowcharts 1 & 2 for further details (see below).

All concerns will be treated in confidence. Details should only be shared on a “need to know” basis with those who can help with the management of the concern.

Concerns will be recorded on an Incident Report Form and sent to the England Golf Lead Safeguarding Officer and retained confidentially within the club. The England Golf Lead Safeguarding Officer can assist with completion of this form if required, tel: 01526 351824. **(Incident Report Form-Appendix 8)**

OFGC will work with England Golf and other external agencies to take appropriate action where concerns relate to potential abuse or serious poor practice. OFGC disciplinary procedures will be applied and followed where possible.

In the event of a child making a disclosure of any type of abuse, the following guidance is given:

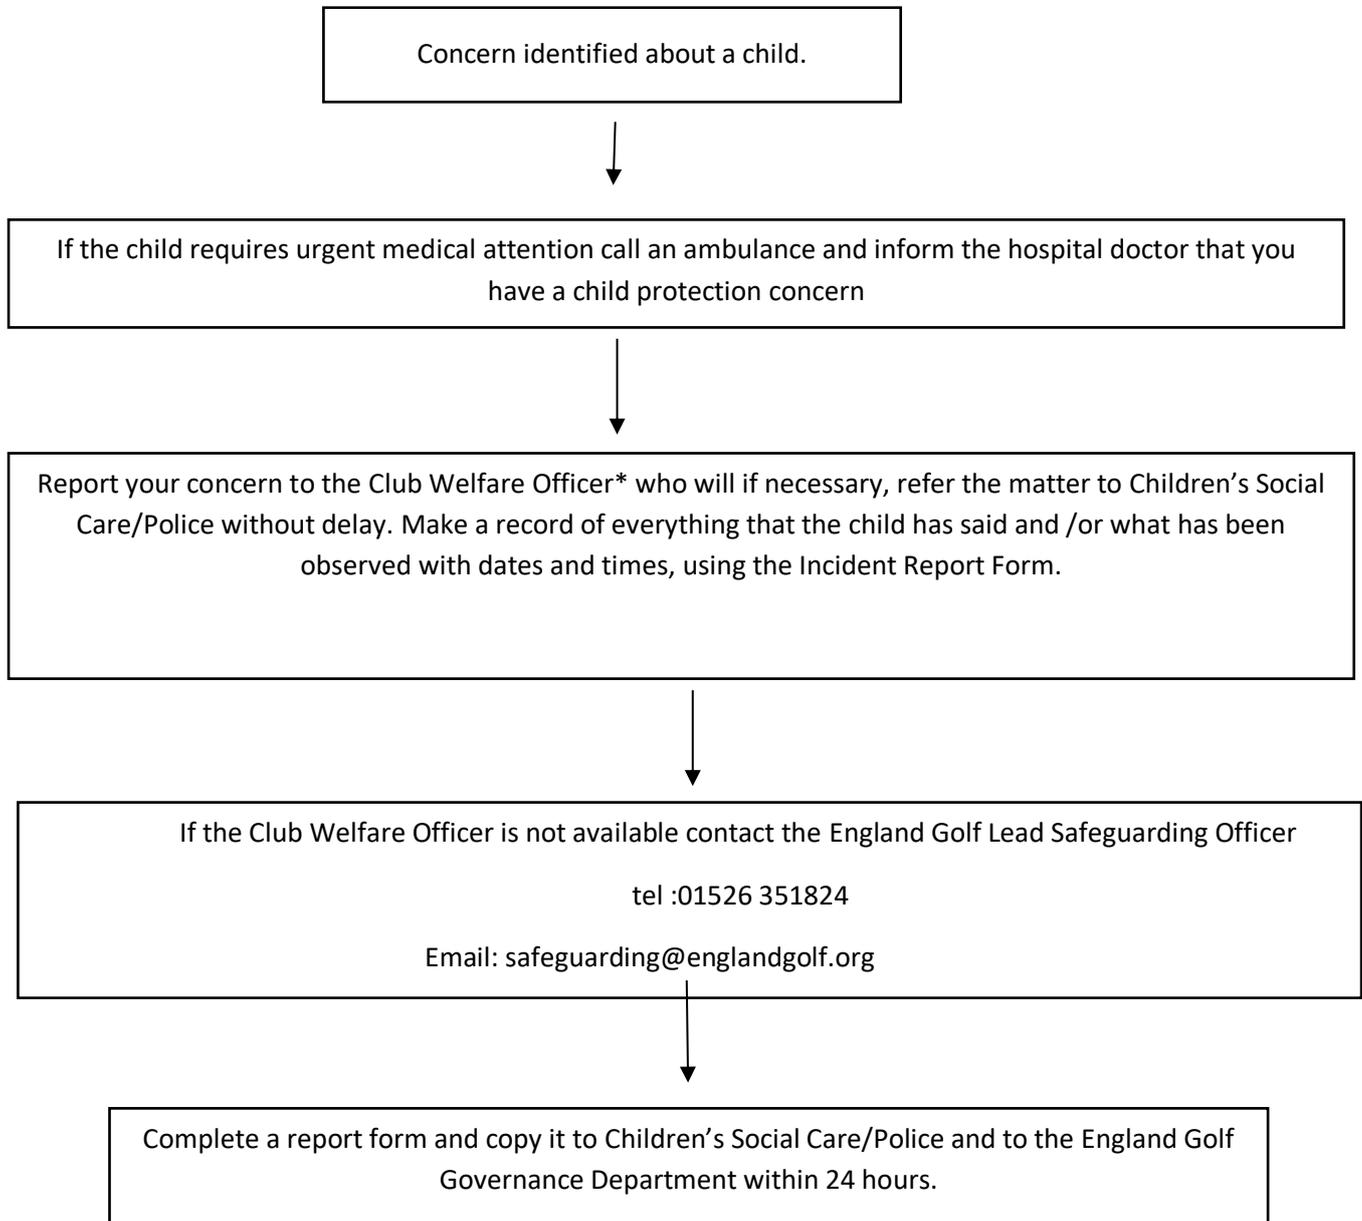

- Reassure them that they have done the right thing to share the information.
- Listen carefully.
- Do not make promises that cannot be kept, such as promising not to tell anyone else.
- Do not seek to actively question the child or lead them in any way to disclose more information than they are comfortably able to: this may compromise any future action. Only ask questions to clarify your understanding where needed e.g. can you tell me what you mean by the word?
- Record what the child has said as soon as possible on an incident report form.
- You should explain to children, young people and families at the outset, openly and honestly, what and how information will, or could be shared and why, and seek their agreement.
- Parents or Carers should be informed if the allegation does not involve them.

The NSPCC Helpline is available to discuss concerns regarding poor practice and abuse in confidence with members of the public who need support. Those with concerns are encouraged to use this service. The Helpline number is 0808 800 5000.

Safeguarding children and young people requires everyone to be committed to the highest possible standards of openness, integrity and accountability. OFGC supports an environment where staff, volunteers, parents/carers and the public are encouraged to raise safeguarding and child protection concerns. Anyone who reported a legitimate concern to the organisation (even if their concerns subsequently appear to be unfounded) will be supported. All concerns will be taken seriously. **(Whistleblowing Policy-Appendix 15)**

### 3. Flowchart for Concerns

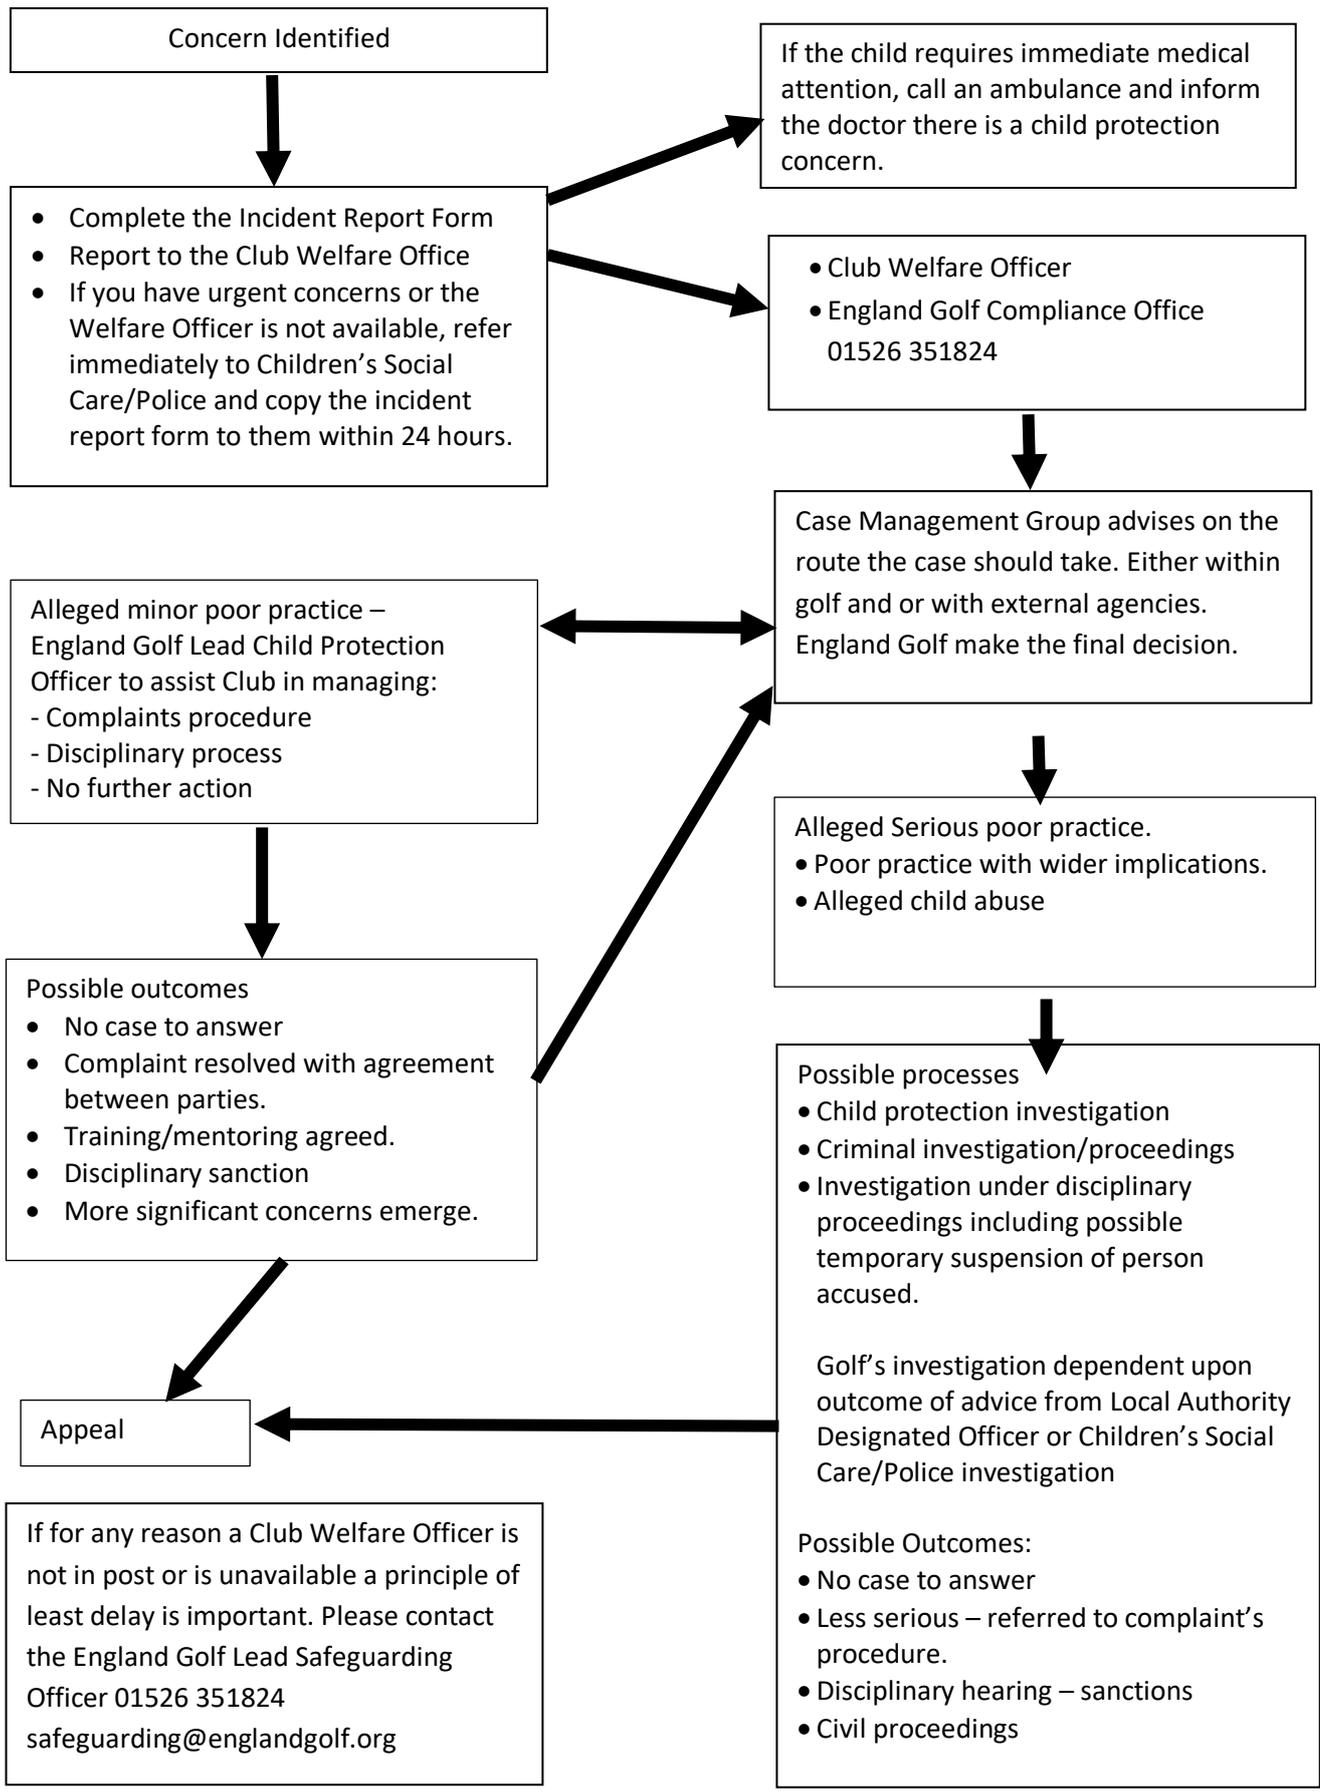

**What to do if you are worried about what is happening to a child outside of the Club (but the concern is identified through the child's involvement in golf)**

\* If for any reason a Club Welfare Officer is not in post or is unavailable a principle of least delay is important.

Please contact the  
England Golf Lead Safeguarding Officer  
01526 351824

**What to do if you are worried about the behaviour of any member, parent/carer, volunteer, staff, Professional, coach or official in golf or affiliated organisations**

## 4. Emergencies and Incidences

Before Starting an Activity.

Parental Consent Forms will need to be obtained and retained by Ormonde Fields for all children who are participating in events or activities, or attending coaching organised by the Club. These forms will be treated in confidence and only shared with those who require the information they contain to perform their role effectively.

**(Junior Profile and Parental consent Form Appendix 10)**

In the event of a child requiring medical attention:

- The parents will be contacted immediately.
- In the event of failure to contact parents, the alternative emergency contacts will be used.
- The consent form will be consulted to establish whether parents have given their consent for a Club representative to act in loco parentis.
- An adult Club representative will accompany the child to seek medical attention, if appropriate, ensuring that they take the consent form with them.
- A record of the action taken will be made and retained by a Club representative.

Where a parent is late in collecting their child the following procedure will apply:

- Attempt to contact the parent/carer using the contact details on the Parental Consent Form
- Attempt to contact the first, then the second emergency contact nominated on the Consent Form
- Wait with the young person(s) at the venue with, wherever possible, other staff/volunteers or parents.
- If no one is reachable, contact the Club Welfare Officer for advice.
- If all attempts to make contact fail, consideration should be given to contacting the police for their advice. Staff, Volunteers & PGA Pros should try to avoid:
  - i. Taking the child home or to another location without consent.
  - ii. Asking the child to wait in a vehicle or the club with them alone.
  - iii. Sending the child home with another person without permission.

## 5. Supervision during Activities

- During coaching sessions, coaches should conduct a risk assessment to inform decision making about appropriate supervision levels. Regardless of the recommended ratio of adults to participants, it is recommended that a minimum of two adults should be present. This ensures at least basic cover in the event of something impacting on the availability of one of the adults during the activity.
- Parents will be encouraged to stay for coaching/competitions & other events where their children are of an age where their supervision is required.
- If there are young children (under 11 years of age) attending events, activities, coaching or playing sessions they will be supervised at all times. Club policy is that children who are under secondary school age (11) must be accompanied by a parent or guardian in the first instance or by a parentally approved responsible adult when playing the course.

- Wherever possible adults will avoid changing or showering at the same time as children, but parents will be made aware that with limited changing room space there will be occasions when adults and children may need to share the facilities.
- Parents should be aware that if children are left at a venue unsupervised, other than to attend specific coaching sessions, competitions, or other organised events, the Club cannot accept supervisory responsibility.
- Special arrangements will be made for away trips. Parents will receive full information about arrangements for any such trip and will be required to provide their consent for their child's participation. **(Managing Young People on Away Trips-Appendix 13)**

## 6. Good practice Guidelines

### Behaviour of adults and children

Adults who work with children are placed in a position of trust in relation to children, and therefore it is important they behave appropriately and provide a strong positive role model for children, both to protect children and those working with children from false allegations of poor practice. Codes of conduct will be issued to junior members & adults working with them to promote good practice.

OFGC requires that all staff and volunteers working with children and young people adhere to the standards set out in the Code of Conduct relevant to their role. Similarly, children are expected to follow their own Code of Conduct to ensure the enjoyment of all participants and assist the club in ensuring their welfare is safeguarded.

The OFGC requires that all staff and volunteers working with children adhere to the guidelines on Managing Challenging Behaviour. **(Managing Challenging Behaviour-Appendix 7).**

Parents and carers should also work together with the club to ensure that the welfare of all children is safeguarded. A sheet on "Parental Guidance" is provided to assist them in understanding how they can best assist the club **(Parental Guidance-Appendix 12)**

**Adults and Children playing golf together.** One of the reasons for the popularity of golf is that the game is not restricted by ability, age or gender. Responsible interaction between adults and children helps bring mutual respect and understanding and will be encouraged as part of club activities. Adults should always be aware however that age related differences do exist and conduct themselves in a manner that both recognises this and prioritises the welfare of any children involved.

**Physical Contact.** Physical contact with children by coaches or volunteers should always be intended to meet the needs of the child and the sport, not the adult. That is, to develop golf technique, to protect the child from injury, to provide first aid or treat an injury. It should always take place in an open environment, and should not, as a general principle, be made gratuitously or unnecessarily.

### Transport

The club believes it is primarily the responsibility of parents/carers to transport their child/children to and from events. It is not the responsibility of club volunteers or coaches to transport children and young people to and from events, activities, tournaments or matches.

The club may make arrangements for transport in exceptional circumstances, such as team events. Where this is the case, the written permission of the parents of the relevant children will be sought. The drivers used will be

checked for their suitability to transport and supervise children (**see Section 1 Recruitment and Training**) and their insurance arrangements verified.

Children and young people are often involved in competition. When taking young people away from their home club, consideration and planning needs to be paramount to ensure the duty of care for the young people within the team is fulfilled.

### **Photography/ Videoing**

Permission will be sought from parents prior to the publication or use of any video or photographic images of their child, for instance in newspapers, websites or for coaching purposes. The personal details of the child will not be used in any promotional material. (**Photography Consent-Appendix 11**)

Any press/official photographers attending events will be required to seek permission from the club before taking photographs and also permission of parents to use the images. (**Photography Policy – Appendix 20**).

### **Social Media**

Social media provides unique opportunities for the club to engage and develop relationships with people in a creative and dynamic forum where users are active participants. It is important that all staff, volunteers, coaches, officials/referees, board members, or anyone working on behalf of the club are aware of the club Social Media policy (**Social Media Guidance–Appendix 14**).

### **Anti-Bullying Procedures**

We believe that every effort must be made to eradicate bullying in all its forms. Bullying can be difficult to define and can take many forms which can be categorised as.

- Physical – hitting, kicking, theft.
- Verbal – homophobic or racist remarks, threats, name calling.
- Emotional – isolating an individual from activities or a group.

All forms of bullying include;

- Deliberate hostility & aggression towards an individual(s)
- A victim who is weaker and less powerful than the bully or bullies
- An outcome which is always painful & distressing for the victim

Bullying behaviour may also include;

- Other forms of violence
- Sarcasm, spreading rumours, persistent teasing
- Tormenting, ridiculing, humiliation
- Racial taunts, graffiti, gestures
- Unwanted physical contact or abusive or offensive comments of a sexual nature.

The Club and its Staff, Volunteers & Coaches will not tolerate bullying in any of its forms during club matches, competitions, coaching or at any other time while at the club. **(Anti-Bullying Policy -Appendix 21).**

We will:

- Provide a point of contact where those being bullied can report their concerns in confidence – The Club Welfare Officer.
- Take the problem seriously.
- Investigate any and all incidents and accusations of bullying.
- Talk to bullies and their victims separately along with their parents/carers.
- Impose sanctions where appropriate
- Keep a written record of all incidents referred to England Golf and the action taken.
- Have discussions about bullying and why it matters.

### **Confidentiality**

Details of all juniors will be kept on file in the office and will not be shared with a third party without parent/carer consent.

All concerns/allegations will be dealt with confidentially by the club and information will only be shared on a need-to-know basis, either internally or externally depending on the nature/seriousness of the concern/allegation.

### **Changing rooms**

The changing rooms are used by all members & visitors. Juniors will only be supervised if needed at club organised events. Parents will be made aware that adults use the changing rooms throughout the day for changing & showering. Where a parent/carer does not consent to their child accessing the changing rooms, it is their responsibility to either supervise the child while in the changing rooms or ensure that they do not use them.

Make sure they are playing for their own reasons, not yours. Be supportive but let them simply enjoy the game.

## **Appendix 7      Managing Challenging Behaviour**

Staff and volunteers who deliver sports activities to children may, on occasions, be required to deal with a child's challenging behaviour.

These guidelines aim to promote good practice and are based on the following principles:

- The welfare of the child is the paramount consideration.
- Children must never be subject to any form of treatment that is harmful, abusive, humiliating or degrading.
- The specific needs a child may have (e.g. communication, behaviour management, comprehension and so on) should be discussed with their parent/carer and where appropriate the child, before activities start. Where appropriate it may be helpful to record the details of any agreed plan or approach and provide copies to all parties.
- Every child should be supported to participate. Consideration to exclude a child from activities should apply only as a last resort and after all efforts to address any challenge have been exhausted, in exceptional circumstances where the safety of that child or of other children cannot be maintained.

### **Planning Activities**

Planning for activities should include consideration of whether any child involved may need additional support or supervision to participate safely. This should address:

- Assessment of additional risk associated with the child's behaviour.
- Appropriate supervision ratios and whether numbers of adults should be increased.
- Information sharing for all/volunteers on managing any challenging behaviour to ensure a consistent approach.
- Specialist expertise or support that may be needed from carers or outside agencies. This is particularly relevant where it is identified that a child may need a level of physical intervention to participate safely (see below).

### **Agreeing Acceptable and Unacceptable Behaviours**

Staff, volunteers, children, young people and parents/carers should be involved in developing an agreement about:

- what constitutes acceptable and unacceptable behaviour (code of conduct)
- the range of sanctions which may be applied in response to unacceptable behaviour.

This can be done at the start of the season, in advance of a trip away from home or as part of a welcome session at a residential camp. It should involve the views of children and young people to encourage better buy in and understanding.

Where challenges are anticipated in light, for example of a child's impairment or other medical condition, a clear plan/agreement should be established and written down.

Ensure that parents/carers understand the expectations on their children and ask them to reinforce this ahead of any trip or activity.

## Managing Challenging Behaviour

In responding to challenging behaviour the response should always be:

- Proportionate to the actions you are managing.
- Imposed as soon as is practicable.
- Fully explained to the child and their parents/carers.

In dealing with children who display negative or challenging behaviours, staff and volunteers might consider the following options:

- Time out - from the activity, group, or individual work.
- Reparation - the act or process of making amends.
- Restitution - the act of giving something back.
- Behavioural reinforcement - rewards for good behaviour, consequences for negative behaviour.
- De-escalation of the situation - talking with the child and distracting them from challenging behaviour.
- Increased supervision by staff/volunteers.
- Use of individual 'contracts' or agreements for the child's future or continued participation.
- Sanctions or consequences e.g. missing an outing or match.
- Seeking additional/specialist support through working in partnership with other agencies.
- Temporary or permanent exclusion.

The following should never be permitted as a means of managing a child's behaviour:

- Physical punishment or the threat of such.
- Refusal to speak to or interact with the child.
- Being deprived of food, water, access to changing facilities or toilets or other essential facilities.
- Verbal intimidation, ridicule or humiliation.

Staff/volunteers should consider the risks associated with employing physical intervention compared with the risks of not employing physical intervention.

The use of physical intervention should always:

- Be avoided unless it is absolutely necessary to prevent a child injuring themselves or others or causing serious damage to property.
- Aim to achieve an outcome that is in the best interests of the child whose behaviour is of immediate concern.
- Form part of a broader approach to the management of challenging behaviour.

- Be the result of conscious decision-making and not a reaction to an adult's frustration.
- Employ the minimum force needed to avert injury to a person or serious damage to property - applied for the shortest period of time.
- Used only when all other strategies have been exhausted.
- Be recorded as soon as possible using the appropriate organisation reporting form and procedure.

Parents and carers must always be informed following an incidence where a coach or volunteer has had to physically intervene with a particular child.

Physical intervention must not:

- Involve contact with buttocks, genitals, and breasts.
- Be used as a form of punishment.
- Involve inflicting pain.

### **Views of the child**

A timely de-brief for staff/volunteers, the child and parents should always take place in a calm environment following an incident where physical intervention has been used. Even children who haven't directly been involved in the situation may need to talk about what they have witnessed.

There should also be a discussion with the child and parents about the child's needs and continued safe participation in the group or activity.

## Appendix 13 Managing Young People on Away Trips

The following provides good practice guidance for taking teams on an away fixture for a day (not overnight)

- appoint a team manager with clear roles and responsibilities.
- appoint a designated safeguarding lead contact (not the team manager) who is appropriately trained and competent for the role and responsibilities.
- establish well in advance where the fixture is.
- ensure you have sufficient staff to manage and look after the young people.
- obtain written permission from the parents/carers or carers for participation, transporting and supervising. An up to date photograph of each child must be attached to the child's consent form (for use in the event of any child going missing)
- ensure that a welfare plan has been written and communicated to staff, participants and carers.
- ensure all staff responsible for the young people have been DBS checked to the appropriate level and staff have had appropriate safeguarding training.
- ensure that a risk assessment has been conducted.
- ensure that there is a contact available e.g. a staff member who is not travelling away, who will act as the key contact point if required.

### Overnight Stays

Those responsible for organising overnight stays should establish the purpose of the trip, confirm the dates, location, and duration. You should also conduct a risk assessment, identify suitable venues and facilities for both fixtures and accommodation and consider the following:

- Purpose of the trip.
- Who will be going, children? Staff?
- How much will it cost? How much spending money is required?
- What insurance cover is required?
- Supervision of children, both playing and non-playing time.
- Catering for all food requirements.
- Communication with parents (see above)
- Ensure a list of the team and staff is left, with contact number and address of the accommodation.
- Ensure that there are emergency contact numbers for all the team and staff.
- An itinerary giving as much detail as possible.
- Emergency procedures and telephone contacts.

- Codes of contact for both staff and children.
- Welfare and child protection procedures.

### **Accommodation**

Whatever the accommodation, the team manager should ensure that the children are safe. Discuss your code of conduct and discipline policy with the staff at the accommodation. All children must know which rooms staff are in and how to contact them if required.

If rooms are equipped with satellite TV, inappropriate programmes may be available. It may be possible to have these programmes disconnected.

If rooms have fridges, all alcohol must be removed.

Check the accommodation policy for extras on bills, breakages and lost keys. All accommodation must be clean and with access to sufficient toilet and bathing facilities.

It is not acceptable:

- For children to share a bed
- For male and female children to share a room
- For staff to share a room with children

Checks must be made to ensure that the needs of children with disabilities are met. For wheelchair users, it is important to check access to the building, room and bathroom facilities.

## **Appendix 14 Social Media Guidelines for Ormonde Fields Golf Club.**

This guidance gives procedures that will support and underpin the use of social networking and other online services within Ormonde Fields Golf Club. It is important that all members, staff, volunteers, coaches, officials, referees, or anyone working on behalf of Ormonde Fields Golf Club are aware of this policy and agree to the following terms. These guidelines are an essential tool to be used in conjunction with our safeguarding policies and form part of our overall commitment to the game of golf played in an appropriate environment.

### **Advice for Individual**

- Do not accept children as contacts on social networking sites if you hold a position of trust with children/young people.
- Where contact through social networking sites is used for professional reasons, restrict the communication to professional content and obtain written consent from parents prior to establishing contact.
- Include a third party in any communications to children, e.g. copy parents into communications. E.g. In WhatsApp groups, make sure a parent or guardian is included in the chat as well as the young person.
- Use the privacy settings on the various sites to ensure that your content will only be viewed by appropriate people.
- Ensure that any content you place on a social networking site is age appropriate.
- Do not use the site to criticise or abuse others.
- Know where to direct junior members and their parents for information.
- Know how to report concerns.
- Know how to keep data safe and secure. This should include the personal contact data of individuals, such as mobile numbers, email addresses and social networking profiles.

### **Advice for Children**

- Consider carefully who you invite to be your friend online and make sure they are who you actually think they are.
- There are websites that offer advice about protecting yourself online, such as [www.ceop.gov.uk](http://www.ceop.gov.uk) and [www.childnet.com](http://www.childnet.com).
- Make sure you use privacy settings so that only friends can view your profile.
- Remember that anything you post on websites may be shared with people you don't know.
- Never post comments, photos, videos, etc., that may upset someone, that are untrue or that are hurtful. Think about whether you may regret posting the content at a later date.
- If you are worried or upset about something that's been posted about you, or by texts you receive from other juniors or adults involved with the club, raise this with your Club Welfare Officer. Alternatively contact your County Welfare Officer (Craig Longmore at Derbyshire County Golf – [derbyshiregolfcwo@gmail.com](mailto:derbyshiregolfcwo@gmail.com) or telephone 07988 846106). Or your National Governing Body Lead safeguarding Officer (England Golf 01526 351824). Do not suffer alone. You will be listened to and your concerns will be taken seriously.
- If you want to talk to someone anonymously, call Childline on 0800 1111, or contact them on the web at [www.childline.org.uk](http://www.childline.org.uk). You can also call the NSPCC on 0808 800 5000.

### **Advice for Parents:**

- Make yourself knowledgeable about social networking platforms and how they work.
- Go on the internet with your child and agree what sites are acceptable to visit. Regularly check that they are staying within the agreed limits.
- Encourage your child to talk to you about what they have been doing on the internet.
- Make sure they feel able to speak to you if they ever feel uncomfortable, upset or threatened by anything they see online.
- Encourage children to look out for each other when they're online. Explain that it's all part of staying safe and having fun together.
- Explain to children that it's not safe to reveal personal information, such as their name, address or phone number on the internet. Encourage the use of aliases or nicknames rather than their own name.
- Attachments and links in emails can contain viruses and may expose children and young people to inappropriate material. Teach children to only open attachments or click on links from people they know. You should ensure that devices have up to date and enabled antiviral tools to mitigate such issues.

### **Further Advice for Parents of Young Golfers:**

- If you are concerned about any texts, social networking posts or any other use of communication technology by members of the golf club, volunteers or members of staff, raise this with the Club Welfare Officer/County Welfare office. They will look into the matter and take appropriate action. Alternatively contact England Golf Lead Safeguarding Officer Tel 01526 351824.
- In addition to reporting concerns to England Golf (National Governing Body), you should immediately report possible online abuse to the Child Exploitation and Online Protection Centre (CEOP) or the police. Law enforcement agencies and the internet service provider may need to take urgent steps to locate a child and/or remove the content from the internet. Where a young person may be in immediate danger, dial 999.
- Do not post/send negative or critical comments or messages about other children in the club, staff or volunteers. If you have concerns about a person, these should be raised using appropriate channels within the club and not using social media.
- If you wish to speak to an external organisation for advice, you can contact the NSPCC helpline on 0800 800 5000.

### **Advice for representatives/employees/volunteers of Ormonde Fields Golf Club:**

- It is expected that all representatives/employees/volunteers of Ormonde Fields Golf Club act accordingly when online/on social media.
- Representatives (players and parents/guardians of players) of Ormonde Fields Golf Club include employees, players and volunteers.
- All involved (as above) will act appropriately online and will remember that as they are linked to Ormonde Fields Golf Club, anything they post may be linked to Ormonde Fields golf Club. Therefore, it is imperative that you act accordingly online.
- Anything you post which is deemed to be inappropriate by DCGL could potentially lead to disciplinary action. This is to be linked to the Ormonde Fields Golf Club Disciplinary Procedure.

## **Appendix 15 Whistleblowing Policy**

Safeguarding children, young people and adults at risk requires everyone to be committed to the highest possible standards of openness, integrity and accountability.

As a club, we are committed to encouraging and maintaining a culture where people feel able to raise a genuine safeguarding concern and are confident that it will be taken seriously.

You may be the first to recognise that something is wrong but feel that you cannot express your concerns as this may be disloyal to your colleagues or you may that you will be the victim of harassment or victimisation as a result.

Children, Young People and Adults at risk need someone like you to safeguard their welfare.

### **What is whistle blowing?**

In the context of safeguarding, “whistle blowing” is when someone raises a concern about the well-being of a child or an adult at risk.

A whistle blower may be:

- a player;
- a volunteer;
- a coach;
- other member of staff;
- an official;
- a parent;
- a member of the public.

### **Reasons for whistle blowing:**

Those involved in sport must acknowledge their individual responsibilities and bring matters of concern to the attention of the relevant people and/or agencies. Although this can be difficult it is particularly important where the welfare of children may be at risk.

Each individual has a responsibility for raising concerns about unacceptable practice or behaviour:

- To protect or reduce risk to others.
- To prevent a problem from becoming worse or more widespread
- To prevent becoming implicated yourself

### **What prevents those individuals from whistle blowing:**

- Starting a chain of events that they have no control of.
- Disrupting work or training.
- Fear of getting it wrong or making a mistake.
- Fear of repercussions.

- Fear of damaging careers
- Fear of not being believed.

If a child or an adult at risk is in immediate danger or risk of harm, the police should be contacted by calling 999.

Where a child or an adult at risk is not in immediate danger the first person you should report your suspicion or allegation to is your Club Welfare Officer, Mick Painter. Full details are available in the contact section. If for any reason you cannot, or do not wish to report the matter to your Club Welfare Officer please contact Ash Wilson England Golf Lead Safeguarding Officer on 01526 351824 or email [safeguarding@englandgolf.org](mailto:safeguarding@englandgolf.org)

Alternatively you can contact the Local Authority Designated Officer (LADO) or the NSPCC on 0808 800 5000.

### **Information to include when raising a concern.**

The whistle blower should provide as much information as possible regarding the incident or circumstance which has given rise to the concern, including:

- their name and contact details (unless they wish to remain anonymous);
- names of individuals involved;
- date, time and location of incident/circumstance; and
- whether any witnesses were present.

OFGC assures that all involved will be treated fairly and that all concerns will be properly considered. In cases where suspicions prove to be unfounded, no action will be taken against those who report their concerns, provided they acted in good faith and without malicious intent.

### **What happens next?**

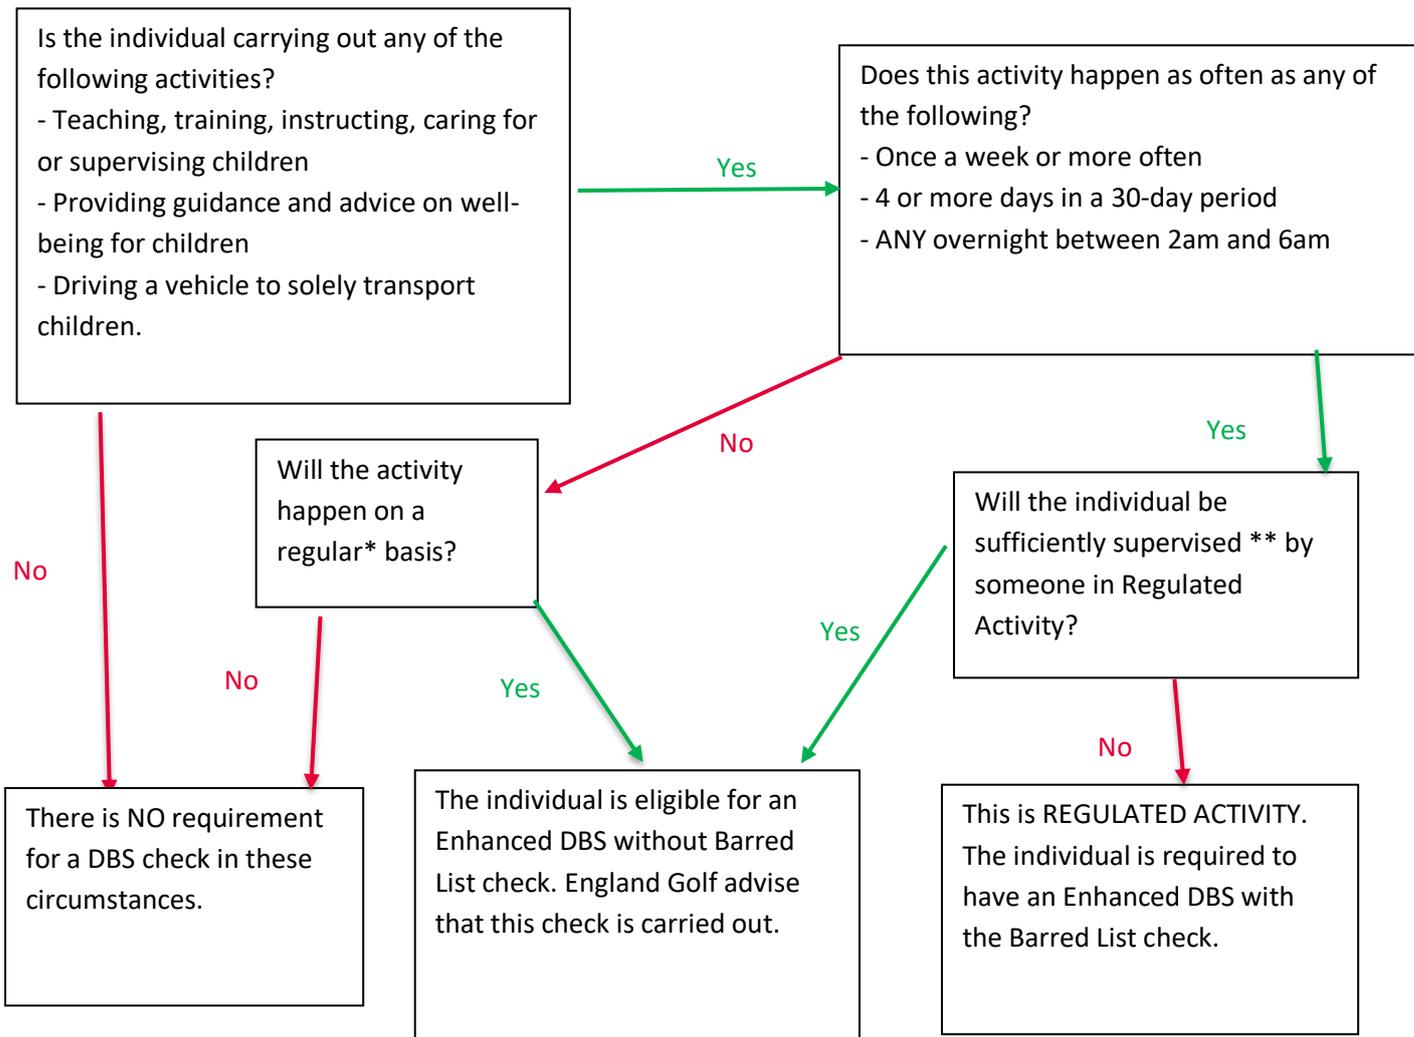

- You should be given information on the nature and progress of any enquiries – this may vary depending on the nature and result of the investigations.
- All concerns will be treated in confidence. During the process of investigating the matter, every effort will be made to keep the identity of those raising the concern to the minimum number of individuals practicable.
- Your Club has a responsibility to protect you from harassment or victimisation.
- No action will be taken against you if the concern proves to be unfounded and was raised in good faith.
- Malicious allegations may be considered a disciplinary offence.

The Public Interest Disclosure Act 1998 protects whistle blowers from victimisation, discipline or dismissal where they raise genuine concerns of misconduct or malpractice.

If the whistle blower does not believe that the concern has been dealt with appropriately and wishes to speak to someone outside the club or the England Golf Governance Department the NSPCC Whistleblowing advice line should be contacted on 0800 028 0285 or by emailing [help@nspcc.org.uk](mailto:help@nspcc.org.uk).

## Appendix 16 England Golf DBS Flowchart

### Does a Volunteer or Staff member require a DBS check?

\* Regular is open to definition - it is suggested that annually would be insufficient but an argument for eligibility could be made if the individual does an activity once a month or a number of times over the summer period, for example.

\*\*Supervision must be 'reasonable in all the circumstances to ensure the protection of children'. It must be 'regular and day to day' (supervision must not be concentrated in first few weeks and then tail off). Supervision must be undertaken by someone who is in Regulated Activity themselves.

## Categories of child abuse

**Abuse can happen on any occasion or in any place where children and young people are present.**

Child abuse is any form of physical, emotional, or sexual mistreatment or lack of care that leads to injury or harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by a stranger. Children can be abused by adults, either male or female, or by other children.

Safeguarding is defined as:

- Protecting children from maltreatment;
- Preventing impairment of children's health or development;
- Ensuring that children are growing up in circumstances consistent with the provision of safe and effective care; and
- Taking action to enable all children to have the best life chances.

Child Protection is the activity that is undertaken to protect specific children who are suffering or are likely to suffer significant harm.

There are 4 main types of abuse: neglect, physical abuse, sexual abuse and emotional abuse. Children and young people can also be harmed through poor practice and bullying within a sport setting.

**Neglect** is when adults consistently or repeatedly fail to meet a child's basic physical and/or psychological needs which could result in the serious impairment of the child's health or development e.g. failure to provide adequate food, shelter and clothing; failing to protect a child from physical harm or danger; or the failure to ensure access to appropriate medical care or treatment. It may also include refusal to give love, affection and attention.

Examples in sport could include a coach or supervisor repeatedly failing to ensure children are safe, exposing them to undue cold, heat or extreme weather conditions without ensuring adequate clothing or hydration; exposing them to unnecessary risk of injury e.g. by ignoring safe practice guidelines, failing to ensure the use of safety equipment, or by requiring young people to participate when injured or unwell.

**Physical abuse** is when someone physically hurts or injures children by hitting, shaking, throwing, poisoning, burning, biting, scalding, suffocating, drowning or otherwise causing harm. Physical harm may also be caused when a parent or carer feigns the symptoms of, or deliberately causes, ill health to a child whom they are looking after.

Examples in sport may be when the nature and intensity of training or competition exceeds the capacity of the child's immature and growing body; where coaches encourage the use of drugs or harmful substances to enhance performance or delay puberty; if athletes are required to participate when injured; or when sanctions used by coaches imposed involve inflicting pain.

**Sexual abuse** is where children and young people are abused by adults (both male and female) or other children who use them to meet their own sexual needs. This could include full sexual intercourse, masturbation, oral sex, anal intercourse, kissing and sexual fondling. Showing children pornographic material (books, videos, pictures) or taking pornographic images of them are also forms of sexual abuse.

Sexual abusers groom children, protective adults and clubs/organisations in order to create opportunities to abuse and reduce the likelihood of being reported.

Examples in sport may include coaching techniques involving physical contact with children creating situations where sexual abuse can be disguised and may therefore go unnoticed. The power and authority of, or dependence on, the coach if misused, may also lead to abusive situations developing. Contacts made within sport and pursued e.g. through texts, Facebook or Twitter have been used to groom children for abuse.

**Child Sexual Exploitation** is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity

(a) in exchange for something the victim needs or wants, and/or

(b) for the financial advantage or increased status of the perpetrator or facilitator.

The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

**Emotional abuse** is the persistent emotional ill-treatment of a child so as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person.

It may feature age or developmentally inappropriate expectations being imposed on children or even the over protection of a child. It may involve causing children to feel frightened or in danger by being constantly shouted at, threatened or taunted which may make the child very nervous and withdrawn. Some level of emotional abuse is involved in all types of ill-treatment of a child.

Examples in sport may include children who are subjected to constant criticism, name-calling, sarcasm, bullying, racism or pressure to perform to unrealistically high expectations; or when their value or worth is dependent on sporting success or achievement.

## Appendix 19 Members Guide to Safeguarding

The purpose of this document is to make all Club members aware of their safeguarding responsibility, identify particular areas of the Safeguarding Policy that they should be aware of and give some guidance on reporting procedures if a concern is identified.

### Safeguarding Children and Young People – A Short Guide for Club Members

OFGC is committed to ensure that the sport of golf is one within which children and young people involved can thrive and flourish in a safe environment and that all children, young people and adults at risk have a fun, safe and positive experience when playing golf.

OFGC is an affiliated member of England Golf and follows the England Golf Safeguarding Children and Young People Policy and procedures.

You might be thinking “**What has safeguarding got to do with me?**”

Government guidance makes it clear that ‘Safeguarding is everyone’s responsibility’.

Anyone who has a negative experience of sport at a young age is less likely to become a regular long-term participant. It’s important for the future of your club and the sport as a whole that children and young people have an enjoyable experience.

**All club members have a part to play in making that happen.**

All adults should contribute to the club meeting its overall duty of care, be aware of our club’s safeguarding policy, and know what to do if they are concerned about a young person.

OFGC asks our members to

- **Familiarise yourself with the OFGC Safeguarding Policy.**

The full copy of the OFGC Safeguarding Children and Young People Policy is available in the Clubhouse and on our website.

#### **1. In particular familiarise yourself with: OFGC Codes of Conduct**

For example - Adults should always be aware that age related differences exist and conduct themselves in a manner that both recognises this and prioritises the welfare of children and young people.

#### **2. Anti-Bullying Policy**

For example -OFGC believe that every effort must be made to eradicate bullying in all its forms. The Club will not tolerate bullying in any of its forms during club matches, competitions, coaching or at any other time while at the club.

#### **3. Transport Policy**

For example - The club believes it is primarily the responsibility of parents/carers to transport their child/children to and from events.

#### **4. Changing Room Policy**

For example - The changing rooms are used by all members & visitors. Wherever possible adults will avoid changing or showering at the same time as children, but parents will be made aware that with limited changing room space there will be occasions when adults and children may need to share the facilities. Where a parent/carer does not consent to their child accessing the changing rooms, it is their responsibility to either supervise the child while in the changing rooms or ensure that they do not use them.

#### **5. Photography, Videoing and the use of Social Media Policies**

Think very carefully before contacting a young person via mobile phone, e-mail, or social media.

Do not accept children as contacts on social networking sites if you hold a position of trust with children/young people.

In general stick to group communications, copy the communication to a parent and only communicate about organisational matters.

#### **What should I do if I'm concerned about a child or young person?**

A concern may involve the behavior of an adult towards a child at the club, or something that has happened to the child outside the club.

Children and young people may confide in adults they trust, in a place where they feel comfortable.

An allegation may range from verbal bullying to inappropriate contact online, to neglect or emotional abuse, to physical or sexual abuse.

If you are concerned about a child, it is not your responsibility to investigate further, but it is your responsibility to act on your concerns and share them.

Pass the information to Club Welfare Officer who will follow the club's Safeguarding procedures.

## **Appendix 20      Photography Policy**

Whilst OFGC does not seek to prohibit those with a legitimate interest in filming or photographing children participating in sporting activities it recognises that such activity should take place within an appropriate policy framework.

This policy applies at any OFGC event at which children under the age of 18 are participating. This may be but not limited to Teaching sessions, Competitions particularly Opens, Lessons or even normal golf play.

### **Policy**

OFGC policy is as follows;

- The welfare of children taking part in golf is paramount.
- Children and their parents/carers and/or OFGC should have control over the images taken of children at OFGC events.
- The golfing activity should not be misused purely for the purpose of obtaining images of children.
- Images should not be sexual or exploitative in nature or open to misinterpretation and misuse.
- The identity of children in a published image should be protected so as not to make the children vulnerable. (If the name of an individual golfer is published with their photograph to celebrate an achievement other personal contact details should never accompany the picture).

### **Procedure**

#### **Official/professional photographers and those using ‘professional’ equipment.**

OFGC requires that anyone wishing to take photographic or video images, at any OFGC event at which children under the age of 18 are participating, in an official or professional capacity or using ‘professional’ camera or video equipment registers their details with the OFGC Office. This must be done before carrying out any such activity on the golf course (including the practice ground) or surrounding area or in the clubhouse.

Once registered an identification label will be issued as confirmation of registration. Anyone found using photographic or video equipment without an appropriate identification label will be questioned.

OFGC reserves the right to refuse to grant permission to take photographic or video images if it sees fit.

Photographers must obtain consent from parents to take and use their child’s image.

#### **Parents/carers/family members of competitors**

Parents, carers and family members taking occasional informal photographs with mobile devices of their own child, ward or family member at a OFGC event do not need to register their details with the Club.

If such photographs include other children (e.g. at a prize presentation) they should not be publicly displayed or published on social media unless the prior permission of the parents/carers of all the children in the photographs has been obtained.

### **Concerns**

If competitors or parents have any concerns, they should raise them by contacting the OFGC Office immediately.

OFGC will notify the relevant authorities should it have any doubts as to the authenticity of any individual taking photographs.

## **Appendix 21      Anti-bullying policy**

### **Ormonde Fields Golf Club:**

- recognise its duty of care and responsibility to safeguard all participants from harm.
- promote and implement this anti-bullying policy in addition to our safeguarding policy and procedures.
- seek to ensure that bullying behaviour is not accepted or condoned.
- require all members of OFGC to be given information about, and sign up to, this policy.
- take action to investigate and respond to any alleged incidents of bullying.
- encourage and facilitate children and young people to play an active part in developing and adopting a code of conduct to address bullying.
- ensure that staff, volunteers, and coaches are given access to information, guidance and/or training on bullying.

#### **Each participant, coach, volunteer, or official will:**

- respect every child's need for, and rights to, a play environment where safety, security, praise, recognition, and opportunity for taking responsibility are available.
- respect the feelings and views of others.
- recognise that everyone is important and that our differences make each of us special and should be valued.
- show appreciation of others by acknowledging individual qualities, contributions and progress.
- be committed to the early identification of bullying, and prompt and collective action to deal with it.
- ensure safety by having rules and practices carefully explained and displayed for all to see.
- report incidents of bullying they see – by doing nothing you are condoning bullying.

#### **Bullying**

- all forms of bullying will be addressed.
- everybody in OFGC has a responsibility to work together to stop bullying.
- bullying can include online as well as offline behaviour.
- bullying can include:
  - physical pushing, kicking, hitting, pinching etc.
  - name calling, sarcasm, spreading rumours, persistent teasing and emotional torment through ridicule, humiliation, or the continual ignoring of individuals.
  - posting of derogatory or abusive comments, videos, or images on social network sites.
  - racial taunts, graffiti, gestures, sectarianism - sexual comments, suggestions, or behaviour.
  - unwanted physical contact.

- children with a disability, from ethnic minorities, young people who are gay or lesbian, or those with learning difficulties are more vulnerable to this form of abuse and are more likely to be targeted.

### **Support to the child**

- children should know who will listen to and support them.
- systems should be established to open the door to children wishing to talk about bullying or any other issue that affects them.
- potential barriers to talking (including those associated with a child's disability or impairment) need to be identified and addressed at the outset to enable children to approach adults for help.
- children should have access to helpline numbers.
- anyone who reports an incident of bullying will be listened to carefully and be supported.
- any reported incident of bullying will be investigated objectively and will involve listening carefully to all those involved.
- children being bullied will be supported and assistance given to uphold their right to play and live in a safe environment which allows their healthy development.
- those who bully will be supported and encouraged to stop bullying.
- sanctions for those bullying others that involve long periods of isolation, or which diminish and make individuals look or feel foolish in front of others, will be avoided.

### **Support to the parents/carers**

- parents/carers to be advised on OFGC bullying policy and practice.
- any incident of bullying will be discussed with the child's parents/carers.
- parents/carers will be consulted on action to be taken (for both victim and bully) and agreements made as to what action should be taken.
- information and advice on coping with bullying will be made available.
- support should be offered to the parents/carers including information on other agencies or support lines.
