

New for 2020!

HCGC is a course that requires an excellent short game. With the acquisition of a Professional short game specialist, HCGC has arranged for a new practice short game area by the ninth tee. This is approved by the Captains Committee as a new initiative for 2020. Kevin can provide lessons from here, and as a trial, players can practice from 14.00 or when the course is quiet whilst giving priority to other golfers. Small target flags will be placed between 50 and 90 yards from the practice mat so that players can hone their skills.

All lessons can be conducted on this new area or in the nearby Practice Nets utilising Video Technology and the GC 2 "Game Changer" Launch Monitor. Used in unison with Foresight Sports powerful simulation software, this combination gives the player unmatched accuracy and accurate feedback for every shot hit. It really is a game changer! Pupils will benefit from the following stats:

- Club head Speed
- Ball Speed
- Launch Angle
- Azimuth (ball starts L or R of target)
- Side Spin
- Back Spin
- Total Spin
- Carry (Yards)
- Total Distance (Yards)
- How far Offline the ball is in Yards L or R

Tuition fees

- £30 - 1/2-hour Swing Analysis
