

BUCKINGHAMSHIRE COUNTY LADIES GOLF ASSOCIATION

Hi Everyone

Well it's been a very strange year in the world of Golf but a very successful one for BCLGA in the County theatre.

There have been some phenomenal performances from our juniors leading up to National selection.

The County training this year has been hit by the pandemic but we did manage some pre County Match Week sessions which were very helpful indeed as it brought to the fore some new Juniors which we had previously been unaware of.

County Match Week this year was a fantastic success as we managed an overall 5/0 victory.

The Squad this year was very young and bodes well for the future as it gave some of them invaluable experience for their next step into the National amphitheater.

At Nationals we were again going into battle with what was probably the youngest squad of players on view and we were also unfortunate to have lost 3 of our very experienced players in the form of Thalia K/ Megan D/ and Rosie K to American Scholarships and Canadian schooling.

Nevertheless our extremely young and inexperienced team performed tremendously well, finishing 4th losing out on 3rd only by game points won.

After a very heavy 4/1 loss on the first morning to Yorkshire the team rallied to beat Lincolnshire 4/1 and then narrowly lost out to the eventual winners Surrey and Somerset alike.

On the final day our girls really raised their games and beat Hertfordshire very comprehensively.

All these performances bode very well for the upcoming season ahead

Tony Bowers
