

# SCARBOROUGH SOUTH CLIFF GOLF CLUB – LADIES SECTION

## COMPETITION GUIDELINES

This manual outlines guidance and rules for the running of Competitions and Handicaps at Scarborough South Cliff Golf Club and it is subordinate to the Rules of Golf as published by the R&A and to the World Handicap System as laid down by England Golf and Congu.

The Handicap Committee and Chairman of Golf shall be responsible for enforcing the rules laid down. Any appeals against their decisions must be made in writing within seven days and will be heard by the Handicap Committee in the first instance. The England Golf Rules of Appeal are available online or displayed at the Club.

### **TO GAIN A HANDICAP**

A member obtains a Handicap index by posting score cards totalling 54 holes (3 x 18, 6 x 9 or a combination of both) marked by another member and posted in the competitions box on the day of play. Evidence of a reasonable standard of golf is expected prior to being given a Handicap Index. When a card is being marked for handicap assessment, play must be in 2s only.

### **COMPETITIONS**

The Club competitions entry limits are shown as Handicap Indexes:

Handicap Index – personal to you and is updated after each qualifying competition.

Course Handicap – Your Index shown as shots received when playing from the Red Tees on our Course. A conversion chart is used to convert the Index to Course Handicap.

Playing Handicap – The Course Handicap adjusted by the Allowance for a particular Competition (i.e. Stableford or Medal the Allowance is 95% of Course Handicap).  
*See Attachment 1.*

In most cases, COURSE HANDICAP and/or PLAYING HANDICAP is used to calculate competition results.

Competitors score cards **MUST INCLUDE** the COURSE INDEX and preferably also the Handicap Index. The Handicap Committee will be responsible for applying the Handicap Allowances where appropriate, to determine the winners of competitions. The Handicap Allowances are set by the World Handicap System (Attachment 1).

### **MEDAL COMPETITIONS**

All members with a Handicap Index can play in medal competitions. A player **MUST SIGN** the Competition Entry Book to register her intention to play. Time Sheets for

Medals are posted up to four weeks in advance. Choose your own partners. (Where there is a single competitor the Committee shall appoint an eligible marker whose appointment may be authorised by the Committee retrospectively).

For Mid-week Medal Competitions, sign the time sheet if you wish to play in the time band. Ladies may go out during the rest of the day and join the competition by having signed the competition entry book, having also entered their starting time in the book. Entry fee due on day of play.

For the weekend Medal competitions there will be no starting sheet or priority on the tee. Players should arrange own partners and tee times should be booked online. Sign the competition entry book before commencing play. There is no entry fee and no prize is awarded. All score cards should be returned including incomplete ones.

### **STABLEFORDS**

All ladies with a Handicap Index are eligible to play in Stableford Competitions. Time Sheets for Stableford Competitions are posted up to four weeks in advance. Players wishing to play outside the time band should sign in the space provided on the sign-up sheet. Players should sign the entry book and pay the entry fee. All cards must be returned, including incomplete ones.

Ladies unable to participate in the midweek Stableford may play on the designated Alternative Day and should sign up in the space provided at the bottom of the sign-up sheet. Players must sign the competition entry book on the day and pay the entry fee. Players should arrange their own partners and book their tee time on line. All cards must be returned, including incomplete ones.

Players can play in either the weekday competition or the Alternative Day but not both and the scores will be amalgamated with the midweek competition to determine the winners.

### **NINE-HOLE QUALIFYING COMPETITIONS**

Players intending to play a nine-hole competition within the scheduled tee time should indicate this on the sign-up sheet and sign in the entry book, again indicating their intention to play nine holes. Entry fee, if applicable, to be paid on day of competition. The appropriate scorecard for the nine-hole competition, showing the different stroke index, must be used.

**Buggies** may be used in competitions provided that the Club permits their use.

### **MINIMUM NUMBER OF HOLES PLAYED**

For a score to be acceptable as a 9-hole score, all holes on the measured 9-hole course must have been played.

For a score to be acceptable as an 18-hole score at least 10 holes of the measured

course in a designated 18-hole competition must have been played. There must be valid reason for playing a reduced number of holes: failing light/bad weather, holes out of play. (WHS 2020)

### **GENERAL PLAY SCORES**

Players can submit General Play Scores using their COURSE HANDICAP. Members must sign the General Play Score book before play. Play is with a Marker and signed cards must be returned to the Competition Box.

The Club operates a Player Score Input system (PSI) and, if this is available at the time of play, each player is responsible for the correct input of her score at the end of each round.
