

Application for approval of the use of a motorised buggy in competitions organised by the YLCGA.

Please read the Transportation Policy Document carefully.

You must sign the attached declaration, which will be maintained on file, to confirm that you have read, fully understood and agree to the conditions of use. You must also provide us with a copy of an appropriate **Medical Certificate**. Should you experience a change of circumstance, such as having your driving licence suspended or removed, it is your responsibility to notify the YLCGA. Permission must be renewed annually: for long term illness/disability it will not be necessary to submit a medical certificate with a renewal request. If not renewed annually, the YLCGA reserve the right to refuse the use of a buggy.

Drivers of golf buggies must always take care that they drive in a safe manner in order to avoid injury to spectators, passengers, drivers and other golfers. Specifically, the vehicle should not be driven too fast, carry loads or passengers beyond the intended design of the vehicle or be taken into unsuitable areas of ground. Please note that drivers of golf carts may be personally responsible for any accidents/incidents that occur whilst the vehicles are in their possession and control, including if left unattended inappropriately.

You must not drive a golf buggy:

If you are disqualified currently from driving on the public highway through medical, legal or other reason; If you are outside accepted legal guidelines on the consumption of alcohol or other substances, etc. By signing this schedule I confirm that I have read, understood and accept the guidelines and conditions set out in the Y.L.C.G.A. Transportation Policy (January 2018).

NAME (please print)

DATE OF BIRTHHOME CLUB.....

'I confirm that I have a full and current driving licence that has not been suspended for any reason'
