### **THGC Pro Package for New Golfers**

At Thorpe Hall Golf Club we welcome the idea of growing the game of golf and helping new golfers reach the standard required to become a member of our club.

If you are a new or inexperienced golfer wishing to become a member of Thorpe Hall, you can do this by following our pathway through our professionals coaching Pro Package for New Golfers and then go on to our Probationary membership.

Our Pro Package for New Golfers covers 7 different sessions and covers the following elements of the game.

1. Basic swing technique/ball striking (irons/wedges).
2. General long game technique/ball striking (irons/woods).
3. Short game - chipping + putting basics.
4. Etiquette/Rules - Talk through in the Clubhouse or walk out onto course for an explanation or demonstration.
5. Long game technique/ball striking.
6. Short game - chipping/bunkers.
7. Playing lesson/assessment.

Once you have worked through the elements above, one of our qualified PGA Professionals will advise you whether any additional tailored course of lessons are needed, or if you can move on to the Probationer membership category.

If you already have some experience of playing golf, we can also offer a 5 hole playing assessment.

For more information about the Pro Package New Golfer, want to book a lesson or have a 5 hole playing assessment, please email [shop@thorpehallgc.co.uk](mailto:shop@thorpehallgc.co.uk).

We look forward to meeting you and helping to achieve your goals on the golf course.
