Dear Manager/Secretary

Subject: Welcome to the SafeGolf Family

As you are no doubt aware, SafeGolf is a partnership of UK golf bodies committed to promoting a safe and positive environment for all those participating, working and volunteering in the sport of golf.

L'Ancrese Golf Club has achieved the SafeGolf standard and we are therefore writing to you today to congratulate you on your achievement and include a copy of your SafeGolf certificate to display within your club.

Please take a note of the expiry date in the bottom left of the certificate as this has an annual review date and our Club Support officers will assess this standard on an annual basis going forward. You will be notified, leading up to your renewal date, via email and your Club Support Officer will be in contact to support you to action this. During the year, your club should look to continually update records within the safeguarding section of Golfmark so that relevant training does not expire and all information remains accurate. Please note your club's SafeGolf standard may be withdrawn at any time if we are made aware of any changes that are not consistent with the standards of SafeGolf.

You may wish to use this opportunity to generate some positive PR around your facility and therefore we have emailed an attachment and a press release template to your lead person. We have also included the SafeGolf Golf logo for you to use on your website.

Once again congratulations on achieving the SafeGolf standard and please do not hesitate to contact your local Club Support Officer or the Participation & Club Support Team via email clubsupport@englandgolf.org should you have any queries.

Kind regards,

Participation and Club Support

SafeGolf is a UK & Ireland safeguarding partnership which promotes a safe and positive environment for everyone in the sport.

It offers a website – www.safegolf.org – through which anyone with a concern about the welfare of a player, or the behaviour or practice of a coach, volunteer, organiser, parent or a player, can contact the lead safeguarding officer at their national governing body.

The SafeGolf accreditation for English clubs is an extension of the service.
