

# Membership at Minehead & West Somerset

Minehead and West Somerset Golf Club was Founded in 1882. We are Somerset's oldest Golf Club still playing on their original course and one of the oldest Golf Clubs in the South West of England. Home to resident professional John Bickerton, 3 time European Tour Winner, our 18 Hole, 6189 yards, par 72 course displays the best characteristics of links play. We have excellent greens, great drainage, easy walking and the course is a delight to play all year round. You will be inspired by beautiful views, challenged by ever-changing golfing conditions and invigorated by the wonderful sea air and exercise.

At MWSGC we believe that our members are our most important customers and we continually strive to ensure that our members are getting the most out of their club. We make every effort to create a warm and welcoming environment, one where people feel relaxed and free from many of the rules and regulations that have historically been part of golf club membership.

We offer a range of membership options to suit different lifestyles yet which still place value on the importance of being part of a club. This includes the opportunity to an introduction to golf, get a handicap, enjoy a well-balanced competition calendar, a levy card that discounts all food and beverage purchases from the Bar and participate in social events.
