

Shirley Park Golf Club

COVID-19 Coronavirus Policy

Golf Course Best Practices

1. Leave the Flag in the Hole. No need to touch the flag
2. Pick up only your own ball. Don't throw up balls to form partners.
3. Always bring hand wipes/gel in your golf bag
4. Do not share equipment, especially Range View Finders
5. Try to keep approx. 6 ft from your playing partners
6. Do not shake hands or other touching gestures after the game
7. With immediate effect, all Bunker Rakes will be removed.
Greenstaff will keep bunkers in good order where possible.
Golfers are entitled to "pick and place" in the bunker to a decent lie if they wish. Smooth out your footprints with a club wherever possible.
8. Don't swap scorecards with your partner. Scores will be accepted with just names of each person in any competition
9. When you finish the round, wash your hands for at least 20 seconds in hot soapy water

Please refer to the Main Shirley Park Golf Club COVID-19 Policy as displayed in the Club House, Pro Shop, Website and Locker Rooms for further information.
