

Jeannie Ash

As part of the ladies gardening group I work on the holes by 4th and seventh, I also do the hanging baskets and tubes each year. I am very interested in helping the greens committee with projects to make Cherry Lodge a wonderful course to play.

Paul Pearce

During my co-opted two years I have been proactive in planting & maintenance of trees, shrubs and bulbs. I have been involved in constructing the 5-year plan for improvements to Cherry Lodge and would like to see its fruition.

Craig Fitzpatrick

I have been a Cherry Lodge member for over 5 years, I play regularly with The Jailers Group on a Saturday morning and quite often Sunday mornings with the spike bar group. I also Captain the 8+ overs SEA team in matches, I have a good relationship with a broad range of the membership that play on both Saturday and Sunday mornings.

Paul Gibbons

As an active member of Cherry Lodge G C I would like to get more involved in volunteering for our great golf club. As a qualified engineer I feel my skills, experience and practical approach to problems would be an asset to the greens committee. As a regular player I can get a good feel what issues members have with the course. I have been both member and chair of numerous committees outside of golf and feel the experience and knowledge I have gained would transfer well to the greens committee.

Peter Hammond

During my time on the committee I have produced a course policy document, which establishes a clear and consistent approach to Course Management. This is currently at Board approval. I would like to see the process through covering implementation, monitoring, review and improvement.

Committee	Name	For	Against
Greens	Jeannie Ash		
Greens	Paul Pearce		
Greens	Craig Fitzpatrick		
Greens	Paul Gibbons		
Greens	Peter Hammond
