## General

The Club operates an on-line tee booking system which is accessed directly via our Website. Registration is required for both the website and tee booking system and guidance in the use of this system can be given by the Managing Secretary's office if required. Competition bookings can be made up to 6 days in advance, so for example, Members are able to book for a Saturday Medal on the previous Sunday from 7:13pm. Insofar as 'social' golf is concerned, you can book up to 14 days in advance. Arrangements are in place to suit all our Members including those without a computer at home or without an e-mail address. Please contact the Managing Secretary for further information.

If you are unable to play in any competition that you have entered, you must cancel your booking using the on-line system, out of courtesy advise your playing partners and the professional. This will enable other players looking to book a tee time to do so. It is not acceptable to only advise your playing partners.

Prior to commencing your competition round, an entry fee should be paid to the Professional who will present you with your score card. You must sign in on the 'touch screen' computer located inside the Professional's shop using your name or 'bar' card. Afterwards, make your way to your allocated tee (1st or 10th). You and your playing partners should be on the tee at least 5 minutes before your allocated time.

Ensure that your correct handicap is indicated on your card and for all competitions record your start and finish time in the allocated section of your card. Following your round, enter your score on the computer, signing in, as described above and post the card in the letterbox below the computer.

**Important: If you are recording a 'no return' you should still enter your score as described above. Even in Medal play, if you have 'no score' at a particular hole, record 'no score' and play out the remaining holes for handicap purposes.**

A 2-tee start (from the 1st and 10th) is operated for competitions on a Saturday or Sunday to ensure that as many Members as possible are able to play. Medal and Stableford competitions are played in 4 balls.

On a Sunday, Members have a choice to enter the competition of the day or social golf. A 2-tee start is in operation but with an alternating pattern when starting your respective 'back 9'.

If you do not have a handicap, you are required to play three rounds with a Member who will sign your card. Your card should be submitted to the Competition Secretary via the Club's Office who will allocate you a handicap based upon the three scores.

## Supplementary Cards

If you are unable to play in qualifying competitions but wish to submit cards to maintain an 'active' handicap, you may do so providing –

- You register with the Professional prior to playing
- You play with another Member who will sign your card
- You identify on your card which tees you have played from
- Unless you are a category 1 golfer there is no limit on the number of supplementary cards a player submits in a calendar season

## Medal and Stableford Competitions

These are played from April to October each year.

Medal competitions are generally played on the first Saturday and Sunday of each month. Stableford competitions are generally played on the third Saturday and Sunday of each month.

Additional Medal and Stableford competitions are played every Wednesday throughout the playing season.

## Major Competitions – No Member can use a buggy without a Medical Certificate

Entry sheets for the Parlington and Harvey Foursomes are posted in February/March and posted on the notice boards in the rear foyer. Each competition has a qualifying criteria and all entrants must have a 'competition' handicap. Competition entry fees should be paid at the time of entering.

A 'Finals Day' when all finals are played, is generally held on a Sunday in September. The date is shown in the Club Diary. Any Member who is not available for Finals Day should not enter the Competition. Similarly, any Member who realises they will be unable to play on Finals Day after playing in earlier rounds must immediately withdraw from the Competition.

5 Day Members are not eligible

Postponement of any final will only be sanctioned in exceptional circumstances or if a player has been chosen to represent the County or the L&DUGC, or is in more than one final, in which case the order of precedence of the respective competitions will be decided by the Golf Sub-Committee.

**For all Major competitions, all competitors share a joint responsibility for contacting opponents to ensure the match is played before the closing date of the respective round per Rules. In the event of a failure to agree a date the match shall commence at 5.00pm on the last day of the round and any competitor failing to start at this time will be liable to disqualification.**

# ETIQUETTE

---

The R&A Rules of Golf 2019 sets out the etiquette and standards expected by all players and these can be found at –  
<http://www.randa.org>  
<http://www.randa.org/paceofplay>

We would however, highlight the following in particular –

## The Spirit of the Game

Golf is played, for the most part, without the supervision of a referee. The game relies on the integrity of the individual to show consideration for other players and to abide by the Rules. All players should conduct themselves in a disciplined manner, demonstrating courtesy and sportsmanship at all times, irrespective of how competitive they may be. This is the spirit of the game of golf.

## Safety

Greens staff have priority on holes on which they are working, and players must not play if there is a likelihood of danger to them. Players should ensure that no one is standing close by or in a position to be hit by a club, ball or any stones and pebbles and the like when they make a strike or practice swing.

Players must not play until the players in front are out of range.

If a player plays a ball in the wrong direction where there may be a danger of hitting someone, the player should shout a warning. The traditional work of wording in such circumstances is 'fore'.

## Pace of Play/Rules of Golf

The pace of play manual is available at the above R&A website the club and its officials recommend all members acquaint themselves with the context and ethos of ready 'golf'. Players should play at a good pace. The Gold Committee have established pace of play guidelines that all players should follow. It is a group's responsibility to keep up with the game in front and not in front of the game behind. If a group loses a clear hole and is delaying the group behind, it should invite the group behind to play through, irrespective of the number of players in that group. Where a group has not lost a full hole, but if it is apparent that the group behind can play faster, they should invite the faster moving group through.

It is also recommended that where the pace of play has closed. The Ready Golf system is adopted. In line with R&A pace of play manual rule 2.5.

## Local Etiquette

The club has a number of traditions which all Members are expected to follow. These include –

- Allowing priority to the Club Captain and President on the first tee.
- When 2 tee starts are in operation, all players (those commencing their round and those continuing after playing their first 9 holes) must alternate on the 1<sup>st</sup> and 10<sup>th</sup> tees.
- Restriction of play no groups of more than four are permitted to play on the course.
- A single player is not allowed to play two balls, as this is considered to be practising on the course and is prohibited.
- Players should not push/pull trolleys between the greens and rear of greenside bunkers at any time.
- In winter, the greens and surrounds are protected by either rope, metal sires or a 'painted' white line. Please ensure that you do not take your trolley beyond these areas.
- When approaching or leaving the 9<sup>th</sup> green please exit to the right following the closely mown path which leads to the right-hand side of the Halfway House. Players can approach the 10<sup>th</sup> tee by walking around the rear of the Halfway House. This negates the danger of being struck by a ball played from the 10<sup>th</sup> tee and protects the area in front of the Halfway House.
- When leaving the 18<sup>th</sup> green, exit to the left onto the perimeter path leading to the first tee. Please do not cross in front of the 10<sup>th</sup> tee.
- Giving priority to those players competing in major competitions.
- Within the Clubhouse mobile telephones should be placed on 'silent' mode and if answered the Member should move to a quiet area i.e. staircase landing or car park to continue the conversation.
- The use of mobile telephones on the course is only permitted in an emergency.
- A pre-requisite of being a member of Garforth Golf Club is that at all times members, guests and visitors are courteous and polite while on the course or in the Clubhouse.
