ALL COMPETITIONS

<p>Suspension of Play due to Bad Weather</p>	<p>Suspension is by either the Captain / Competition Organiser or General Manager.</p> <p>All players must stop play if any of the above parties suspends play.</p> <p>It is the responsibility of the person suspending play to ensure that all players on the course are communicated to immediately.</p> <p>There are two types of suspensions of play, each with different requirements for when players must stop play (see R&A Rule 5.7 a&b).</p> <p>Immediate suspension (e.g., Lightning) An immediate suspension is intimated by one continuous blast of the Air Horn. Players should, however, suspend play immediately if they see lightning in the area irrespective of whether the Air Horn is sounded. All players must stop play at once and must not make another stroke until the play resumes. Players should either mark their ball or, if their ball is not close by, leave it in situ.</p> <p>Normal suspension (such as for darkness or unplayable course). If play is suspended in circumstances where there is no immediate danger, players have the choice to either complete the hole they are playing or mark their ball where it lies.</p> <p>Following a suspension of play, players must return to the Clubhouse and a decision will be made regarding resuming play. This decision will be made by the Captain / Competition Organiser or General manager</p> <p>If it is deemed that the course remains unplayable 2 hours after the time of the first tee time of the competition being played, the competition will be abandoned.</p> <p>Players are reminded that the greens remain playable as long as there is a path to the flag. On the green, a ball should be lifted and placed as required to avoid casual water.</p>
