

17<sup>th</sup> March

The Executive Committee met yesterday to discuss the evolving Coronavirus (COVID-19) situation and the following decisions were agreed:

### **Club Social Events**

**ALL** Social events are cancelled with immediate effect. The Captain's Drive In will be postponed until later in the year.

### **Clubhouse**

The bar, restaurant and changing rooms will be closed as from first light on Monday morning, 23<sup>rd</sup> March. Sunday breakfast on 22<sup>nd</sup> March is cancelled. Members are asked to collect their golf clubs from their lockers by the close of business on Sunday 22<sup>nd</sup> March, so that you are still able to play golf.

The Office and Pro shop will remain open, social distancing guidelines apply, and we ask members not to congregate in these two areas.

This will obviously be kept under close review by the Committee in line with advice from the Government.

### **Golf**

The course will remain open for play. We ask that you leave the pin in at all times, and with immediate effect the ball washers are no longer to be used and we ask that you rake the bunkers as best as you can with your club. The greenkeepers will be raking the bunkers before the start of play every day.

### **Shoe cleaner**

The shoe cleaner will be out of service until further notice.

### **Competitions**

Competitions will continue to be played. At the completion of play **DO NOT** put your scores in the PSI terminal, please leave your card in the Pro shop and the scores will be input by the office on the first working day after the close of the competition.

### **Club & Section Matches**

Matches will continue to be played if the relevant organisers, and other Clubs, are willing to compete. However, as covered above, food and beverages will not be available for matches for the foreseeable future.
