## **Our new club professional**

Dear member.

I am delighted to announce that our new club professional will be Mr. Chris Potter.

Chris has a wealth of experience as a PGA professional and I am certain he will prove to be a great asset to Bungay Golf Club. He is a well-respected class AAT PGA professional who has a proven record in teaching and coaching players of all ages, but in particular has had excellent success working with junior golfers.

Chris is looking forward to joining our team and has some very good ideas and plans in order to build on our current success. Chris will be joining us on Tuesday, 10<sup>th</sup> September and plans to extensively refit and redecorate the shop before officially opening it on around the 21<sup>st</sup> September, although he may well be seen around the club before these dates. You will have an opportunity to meet and chat with Chris when we hold a 'meet the new pro' day shortly after the 21<sup>st</sup> September.

I first met Chris about 18 years ago when he was the professional at Bawburgh and I went to him to purchase some equipment when retuning to golf after a very long break from the game. His lesson and expert advice on the best equipment for me has kept me a loyal customer ever since and I very much look forward to welcoming him to the club and working together in the future.

Bill Carson (Chairman)
