Why Market Rasen Golf Club?

Sponsorship allows you to align with a Sports Club firmly rooted in its community with ambitious plans to work with local partners to encourage better fitness in the wider public. With a solid business model, MRGC is one of the few golf clubs in the region to have enjoyed an increase in membership for every year since 2016. With a commitment to encouraging sport for all it was one of the first clubs to offer free membership to all young people under 16.

And as to the course? - see the drone flyovers on our website or Facebook.
