

The Tantalus

(36 Hole Open)

The Tantalus Trophy was presented to the Club by Glen Grant Distillery in 1967. Glen Grant was a previous provider of Club Whisky for the Club, possibly around the 1960's. Tournament is currently sponsored by Gordon & McPhail.

Tantalus was a king and a friend of the gods who committed various crimes and was punished in the underworld by being denied water and food, a fate that gave rise to the word tantalise. A Tantalus is a stand in which to lock up drink decanters while keeping them visible, hence the trophy.
