

# **Why Choose Paisley Golf Club?**

**.....as a Business Owner?**

Golf is an excellent sport that offers you the opportunity to build meaningful business relationships with new or existing clients, thank your customers or reward your staff for a job well done.

**Imagine asking a potential new customer for a 5hr meeting what are the chances?**

**Now imagine asking that same client for a game of golf at Paisley Golf Club, Much more likely isn't it and the more you get to know that client the greater the likelihood of doing business.**

A popular myth is that business takes place on the golf course, in our experience that's not true! What we have found is that **'people buy from people'** and the reason that golf and business go hand in hand is that the sport offers you an opportunity to spend time with existing clients and potential new customers. The sport provides you with an enjoyable, relaxing pastime which helps you develop your business relationships as well as creating some shared experiences.

***Think of all the time and effort you put into sales, now think of how that time can be better spent creating more meaningful business relationships and how Paisley Golf Club can help make this a reality.***

As a fellow member of the Renfrewshire Chamber of Commerce you will receive a warm, professional welcome to Paisley Golf Club and be encouraged to make best use of the club's facilities where you can hold meetings, interviews, team away days etc. With free Wi-Fi, excellent on-site catering and ample parking for you and your guests we've got it covered. Fancy a game of golf after your meeting? Well we have fully trained PGA staff based at the club who will be able to cater for all your needs on the course and our excellent clubhouse staff can look after you off the course.

***So let us concentrate on making sure your visit to Paisley Golf Club is a positive one which allows you more time to concentrate on your business!***
