**The League of Friends to RJA was set up in 1961....** Since then the group has raised in excess of £13 million to improve and maintain an exemplary quality of patient care. The League of Friends support is central to providing the best available and most up to date medical equipment thus helping to ensure that the best medical, clinical and nursing staff are attracted to work at the RJA.

There has been an ever-increasing financial gap between what the NHS is able to give to its Hospital Trusts and the actual cost of delivering a first class service. The League of Friends helps to bridge this imbalance.

**With your help ..... we can help.**
