

Halifax West End Golf Club

Tee Sponsorship.

Together in business

We understand the costs associated with Advertising and Sponsorship. In today's increasingly competitive market, maximising your level of exposure is paramount and what better way to do it than in a sporting environment, and we believe our score-card sponsorship does just that.

Our Club

Halifax West End Golf Club is one of the premier clubs in the Halifax, Huddersfield District Union of Golf Clubs and considered a great test of golf by all who play.

We have a very active membership participating in a multitude of events, and we also enjoy a large number of visitors. We have 400 members playing at least once a week and over 3000 visitors to the club each year.

Tee Sponsorship

A popular way to promote your business is through tee sponsorship, where you can have your company details displayed on one of the tees (see example below).

All our sponsors will have a presence on our website with their logo against your sponsored hole and details displayed in a dedicated corporate sponsors section, with a link to your company website.
